NEW KING IS GRIEF-SHAKEN

Constantine, Overcome by Tragic News, Hurries to Salonika.

DEED OF SCHINAS WAS PREMEDITATED

Assassins Lay in Wait for King George and Fired at Close Range.

Janina, March 19.—Constantine, the new king of Greece, left for Saloniki today, after handing over to Gen. Danglis the chief command of the Greek army.

When the telegram announcing the tragedy was read to him last night the prince was so overcome that he was unable fully to grasp its purport.

After it had been read to him a second time he burst into tears and for a considerable time was quite overcome with grief.

ASSASSIN LAY IN WAIT.

Schinas Lurked in Hiding to Slay Grecian Monarch.

Saloniki, March 19.—Aleko Schinas, murderer of King George I., of Greece, appears to have lived much abroad. He returned to this city only when it was occupied by the Greek army after the surrender of the Turkish garrison.

The premeditation of the regicide appears to be established by the fact that Schinas lurked in hiding. He rushed out when his royal victim was only six feet from his hiding place and fired point blank into the back of the king. The shooting occurred only a few yards from police headquarters.

Lieut. Col. Francoudis, the king's aide de camp, who was walking beside his royal master, immediately drew his revolver. Schinas turned and fired at the aide de camp, but the shot went wild. Two military policemen, who were acting as an escort to the king, dashed at Schinas and pinioned his arms before he could fire again.

Thought King Had Escaped.

When Francoudis saw that the assassin had been arrested he turned to King George, who he supposed had escaped unscathed and was horrified to find his majesty stretched on the roadway. Francoudis raised the stricken monarch's head from the pavement, but the king was already unconscious.

Soldiers, who had been summoned by

HOPES PHOTO OF FAMILY OF 13 WILL GET HIM JOB.

Washington, March 19.—Armed with a photograph of his family of thirteen children, Ben Marshall, clerk of the circuit court at Frankfort, Ky., today joined the ranks of the job hunters. He admits that he is after the collectorship of internal revenue at Lexington and, as his phenomenal family aided materially in landing him in the court clerkship, he brought along the photograph in belief that it would prove useful in aiding him to acquire the federal place.

In discussing the family peculiarities Mr. Marshall said his mother was 96 years old and still hale and hearty. He had not attended a funeral in the family since 1866.

GREAT TO BE A PLAIN CITIZEN

Uncle Joe Cannon, Home at Danville, Revels in New Distinction.

HE ENJOYS NOVELTY

Danville, Ill., March 19.—"Tell the American people that I think its simply great to be a plain citizen again," said "Uncle Joe" Cannon, as he emerged from his residence this forenoon after a refreshing sleep of ten hours. Mr. Cannon, greatly fatigued, reached home from Chicago at 10 o'clock Tuesday night, alone, which was in contrast with the big reception accorded him several years ago, when the entire town turned out and a democratic mayor walked through the dusty streets leading the procession from the railway station to the Cannon home.

This was partly due to the uncertainty of Mr. Cannon's arrival. Plans to give him a big banquet later were started late today. However, Mr. Cannon could not escape a generous handshaking from his neighbors and friends on his route from home to the bank, of which he is one of the principal owners. Although the distance was less than four short blocks, Mr. Cannon was an hour traversing the distance. Shortly after arriving at the bank where a number of friends had assembled, Mr. Cannon retired to his private office.

It is the second time in a service of forty years that Mr. Cannon has been a private citizen. He seems to enjoy the sensation immensely.

BRYAN HOME FOR BIRTHDAY DINNER

Nebraskan Holds Informal Reception in Hotel in Lincoln.

HE COMMENDS WILSON

Lincoln, Neb., March 19. Secretary of State Bryan arrived here this morning and was met at the station by a reception committee from the state legislature and the local Bryan club, under whose auspices the annual Bryan birthday dinner is to be given tonight.

Mr. Bryan was accompanied by Mrs. Bryan and his daughter, Mrs. Ruth Bryan Owen, and Governor Dunne, of Illinois. They were taken in automobiles to a local hotel, where Mr. Bryan held an informal reception. Governor Hodges, of Kansas, who had arrived on an earlier train, was already at the hotel with his party and greeted Mr. Bryan on his arrival. With Gov. Hodges was a party of state officials who will participate in the banquet tonight.

Relative to President Wilson's statement on the Chinese loan, Mr. Bryan said: "The president's statement on the Chinese loan situation covers the whole ground and I am sure that it will be approved by the country. It is not merely a negative refusal to renew the request made by the last administration, but a positive declaration of the president's desire to assist China and our own business interests in every legitimate way.

"It can hardly be doubted that China will be pleased with the president's attitude and the business men of the United States will be benefited by the friendly feeling which the president's statement is sure to arouse among the Chinese."

HOUSE OF DEATH TAKES LAST TOLL

Three Perish With Burning of Ill-Omened Chicago Structure.

HAD TRAGIC HISTORY

Chicago, March 19.—The tragic existence of the "house of death," at 2539 Wentworth avenue, closed today with its destruction by an incendiary fire in which three lives were lost. Frank Pustella and his brother-in-law, Joseph Cavlieri, escaped with severe burns by jumping from a second story window, but Mrs. Pustella and her daughters, aged 3 and 5 years, perished in the flames.

The house gained its name in the neighborhood because of the fatalities which have occurred within it during the last ten years. A decade ago Jacob Werner opened a meat market in the place. Within a short space of time his entire family died and Werner committed suicide. Werner's clerk, Fred Kunz, took the market, but shortly afterward his little daughter was scalded to death in a pickling vat, and a week after this accident Kunz was found dead under mysterious circumstances. The next tenant was a man of the name of Strauss, who was murdered in the house. A few weeks after that an unidentified Italian crawled under the porch of the place and committed suicide.

Half a dozen Italian families lived on the second floor of the building, the first story of which was occupied by a grocery. The fire started in the store and spread so rapidly that the occupants on the floor above were trapped, those who made their escape being compelled to use the windows. Rumors that the fire had been caused by a bomb explosion caused the police to begin an investigation.

CLEAR SNOW BLOCKADE.

Mrs. Harriman's Private Car Is Gotten Out After Four Days' Work.

Rapid City, S. D., March 19. The private car of Mrs. Oliver Harriman, of New York, stalled here in the blizzard of last Thursday, was started east early today. A gang of seventy-five men worked day and night for four days with a rotary and seven locomotives to clear the car from the snow blockade. Besides Mrs. Harriman and her sister, Mrs. C. H. Bargeus, of Hot Springs, the car contained the body of their mother, Mrs. Grace Carley, who died last Wednesday at Hot Springs.

Pontiff Attends Celebration of Mass Outside His Chamber.

Rome, March 19. Pope Pius today, for the first time since his indisposition was present at a celebration of the mass outside his bedroom. His sisters and nieces also attended the ceremony.

QUICK TARIFF CUT PLANNED

Democrats Hope to Make Work of Revision a Short Job.

SENATE AND HOUSE LEADERS CONFER

Close Co-operation Needed If Task is Completed Without Delay.

Washington, March 19.—Quick tariff revision along lines acceptable to the democratic leaders of both houses of congress was the object of a conference called for today between the ranking tariff revisionists of the party in the senate and the house. The conference marking the completion of the tariff revision of the bill in all essential parts by the house ways and means committee was designed as a move to get together on common ground and to smooth the way for the launching of the first democratic tariff in many years under a policy of harmonious action. Senator Moone, of North Carolina, chairman of the senate finance committee, and Senators Stone, John Sharp Williams and Smith, of Georgia, constituted the senate sub committee for the conference with Chairman Underwood and some of his colleagues of the ways and means committee, the members going to the house side in accordance with the tradition of the revenue-originating functions of the house.

Close Co-operation Needed.

Senator Simmons outlined to the president today his plans for handling the tariff bill in the house. The senator declared that in order to deal with the tariff expeditiously close co-operation would be necessary between members of the finance committee of the senate and the ways and means committee of the house. The president will be in frequent conference hereafter with Representative Underwood, democratic majority leader of the house, and Senator Simmons upon whom will fall the chief work of drafting the bill. It is believed also that the president will meet in conference in the near future the democratic members of these two congressional committees. The entire program will be one of close communication and simultaneous study on the part of the committees and the president before the extra session begins so that the tariff may be disposed of in as brief a period as possible, thus giving time for other legislation.

SCHEFMAN AFTER A COUNCIL SEAT

Announces His Candidacy from the First Ward—He is a Democrat.

START MACBETH BOOM

Abe Schefman, a local commission merchant, has announced himself as a candidate for the nomination of councilman from the First ward on the democratic ticket. Mr. Schefman is the second democrat from this section of the city to enter the race. Herman J. Meyers, a well known printer, announced his candidacy several days ago. Men who are familiar with conditions in the First ward say that these are but two of the many who are looking with keen interest toward landing a seat in the city council.

Friends of Dr. A. H. Macbeth, who until Monday acted as chairman of the city democratic committee, started a rumor this morning that the physician would be a candidate for the mayoralty nomination. When engaged in an interview this afternoon, however, Dr. Macbeth stated that he would not be a candidate. He said that his practice demanded his entire attention and that he could not be a candidate for any office.

No activity has been manifested on the part of either the democrats, progressives or republicans since the meetings held Monday night for the election of committee officials. No dates have been named for further organization meetings, but it is thought the committees will get together within the next week or ten days.

UNDER DUAL SYSTEM.

New York Contracts With Street Railway for Subway System Operation.

New York, March 19.—The city today entered into an agreement with its two principal street railway companies for the operation of the ned $300,000,000 subway system now under construction. Contracts signed by the public service commission and the companies provide for the operation of the subway under the so-called "dual system."

The city and the traction companies united in contributing to the cost of construction; the railways will operate the new lines and the city will share in the profits of operation above a certain percentage.

The signing of the final agreements today marked the end of four years of negotiations.

OVERDOSE WAS ACCIDENTAL.

Chicago, March 19. An overdose of morphine accidentally taken caused the death here last night of Mrs. Pauline Marie Greene Jones. This was the verdict of a coroner's jury today. Mrs. Jones was wealthy and made her home in Italy.

MANY HAVE WED; KEEP IT SECRET

New York Teachers, Believed Single, Are Really Married.

SILENCE STRIKE NOW

New York, March 19. "Scores, yes, hundreds of women teachers in the New York schools have married, yet are supposed to be single," declares "Miss Henrietta Redman," a teacher of the Wadleigh high school here, who really is Mrs. Herman de Fremery but who had concealed the fact until yesterday. Mrs. de Fremery was following advice which she had publicly given to school teachers in proposing a "silence strike" on the marriage question because the board of education is declared to discriminate against married teachers in the schools. She intended to keep her own marriage, which was celebrated at Norwalk, Conn., secretly, on Feb. 15, hidden until promotion time, she admitted, when the fact of her marriage became known yesterday and proposed to make a test case of it. Mr. de Fremery is an employe of the American Museum of Natural History.

"Lots of married teachers are keeping their secrets better than I have kept mine," she said, "but it ought not to be necessary. We are going to collect data that will show that wives and mothers make just as good teachers as the girls who do not wed. This penalizing of marriage for women wage earners is uncivilized, out of date and opposed to public policy."

PROPOSE RETURN TO SIMPLE LIFE

Washington Mothers Frame New Social Regime for Children.

RULES ARE ADOPTED

Washington, March 19.—Washington children, at least those whose mothers are members of the local branch of the National Congress of Mothers, are preparing to return to the social "simple life." The organization is having printed today a set of rules to govern the future social conduct of the children of its members. The rules were adopted at a meeting yesterday in which the Housekeepers' Alliance also participated, and in part contain the following commands:

"That all entertainments in our homes, including dances, stop at 12 midnight, or earlier, and that it be so announced on the cards of invitation.

"That the 'maneless' dances not only be discouraged but be forbidden in our homes and to our children.

"When objectionable dancing is commenced, that the music cease at once. The orchestra leader may announce that he has been so instructed.

"That simplicity and modesty in dress distinguish our girls.

"That we teach our sons that smoking during an entertainment planned for their pleasure is a discourtesy to the hostess and the other guests.

"That we instruct our boys to end a social call at 10 or 10:30 o'clock."

The members also pledge themselves to frown upon Sunday entertainments and to refrain from having parties for their children on school nights.

BACHELOR TAX FAILS.

Boston, March 19.—Celibacy will not be penalized in this state at present. The legislative committee on taxation passed adversely on the bill providing for an annual tax of $5 on bachelors.

TWELFTH BALLOT FUTILE.

Springfield, Ill., March 19.—The twelfth joint ballot for the long term United States senatorship resulted in no choice.

GRAND JURORS TAKE UP CASE

Attorney Moorehead Gives $1,000 Bond on Blackmail Charge.

MAINTAIN CLOSE GUARD ON FACTS

"Innocent," Says Moorehead; "We Have Good Case," Says Prosecutor.

Thomas G. Moorehead, attorney charged in an affidavit filed by Vaun Malay with attempted blackmail in connection with the scandal cases now before the Allen county grand jury, was released in the city court today under a continuance granted until March 28 and Anselm Fuelher became his surety on a bond of $1,000. Moorehead protests his innocence.

Eva Spahr, mother of Hazel Thomas, charged with the same offense, was held under a bond of $500, which she had been unable to furnish late in the day and she was remanded to jail. No testimony was heard and the grand jurors have taken up an investigation and will make reports in both cases before the date fixed for the preliminary hearings.

Prosecutor Harry Hilgemann and Deputy Stephen A. Callahan finished their inquiry into the matter at 4 o'clock this morning and both say they have a good case but neither is at liberty to give the details until the grand jury has had the facts placed before it.

Sent Messenger to Malay.

Great secrecy is being maintained and both the state and defense have taken precaution to block channels through which direct information might flow to the public.

It is rumored, however, that after the grand jury had started its investigation Moorehead sent a man, whose name has not been revealed, to Malay, and told him he "had better get busy" as his name was involved in the scandal. Malay called on Moorehead, it is alleged, and was told that Hazel Thomas, one of the chief witnesses in the scandal inquiry, was about to involve him but that it could be squared by the payment of a sum of money.

PLEAD GUILTY TO BURGLARY CHARGE

Webb and Burke, Two Chicago Auto Bandits, Get Prison Terms.

MURDER CASE LATER

Chicago, March 19.—Robert Webb and Thomas Burke, two leaders of the auto bandits who terrorized this city during the winter, pleaded guilty today to burglarly and were ordered imprisoned under the indeterminate sentence law which imposes a minimum of one year and a maximum of twenty-one.

Webb is alleged to have killed Peter Hart, a city detective, but States Attorney Hoyne was disinclined to press this charge. He said Webb had never had a chance—his mother went insane, and his father was a dipsomaniac.

Webb probably will be tried later on the charge of murdering Hart, whom he is alleged to have shot while evading arrest. Webb and Burke, having pleaded guilty to the burglary charge, James Perry, the reputed "brains" of the auto bandits, went on trial on the charge of highway robbery. Five other alleged bandits will be tried in rotation.

GIVES VOTE TO WOMEN.

No Dissenting Vote in Alaska Legislature on Bill.

Juneau, Alaska, March 19.—The senate yesterday passed the house bill granting votes to women. This is the first bill passed by the legislature. There was not a dissenting vote in either house. The bill exempts women from jury duty.

The Mysterious Check

A FORT WAYNE BANKER, whose name is as familiar as that of Anthony Wayne, went into the Theo. J. Israel store the other day and bought a suit of clothes. He didn't have his checkbook with him, so Mr. Israel filled out a blank check for the price of the suit and gave it to the banker to sign. The transaction ended, the banker left and the incident was supposed to be closed.

A few days later, on checking up his accounts, Mr. Israel found that he was short quite a sum. He went over the figures again and discovered, to his perplexity, that he was charged with having drawn a certain amount from the bank which he did not have any knowledge of. This prompted him to go over his paid checks and there he made a most astonishing discovery. From among the number he found a check made payable to himself and signed with his own name. It required but a glance, however, to see that the signature was not genuine—that it was, in fact, a forgery and of the most crude type, inasmuch as it did not resemble his own writing in the least.

Without delay, Mr. Israel hurried to the bank to seek assistance in detecting the person who had uttered the check. As luck would have it, the paper came directly into the hands of the aforementioned banker. Looking at it a moment, his face turned a pretty tinge of red, which died away only after he admitted that in the midst of his conversation with Mr. Israel, he must have signed the name of the latter to the check instead of his own, but all unconsciously, of course.

"I guess my thoughts were taking a vacation when I did that," he observed. And he has a reputation, too, of being one of the most careful men in the business.

He sought assistance.

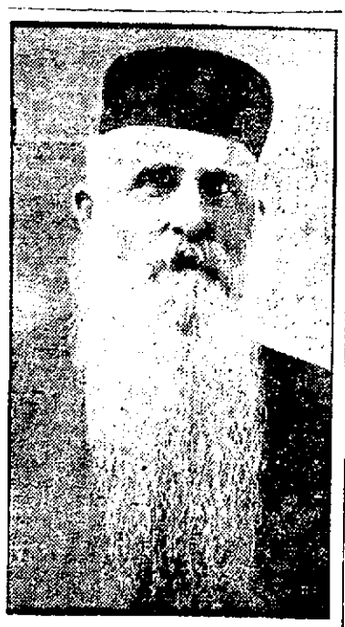
DEATH SUMMONS DANIEL KLOTZ

Was Merchant and Manufacturer in Fort Wayne Many Years.

OTHER DEATHS TODAY

Daniel Klotz, aged sixty-eight years, a pioneer merchant and manufacturer of Fort Wayne, died Tuesday afternoon at the family residence, 308 East Dewald street. Death was due to pneumonia and followed a short illness.



DANIEL KLOTZ,
Pioneer Fort Wayne Citizen Who Has Passed Away.

Mr. Klotz was born in Hohenzollern, Germany, July 21, 1815. At the age of eighteen years he came to America, and a short time later he located in Fort Wayne, residing here continuously since that time. He first entered the employe of the Wabash as an office clerk, but soon went into business for himself, engaging in a grocery and dry goods store on Calhoun street near Williams. Later he started to manufacture the Boss roaster, and continued in that business until retiring three years ago.

He was married forty-three years ago to Miss Anna Bauman, daughter of John and Sophia Bauman, pioneers of Fort Wayne. Mr. Klotz was an active member of the congregation of St. Peter's Catholic church and was a charter member of the Holy Name society. He was also a member of the St. Joe Benevolent league. Surviving besides the widow he leaves nine children—Frank, Joseph, Anthony, Clement, Sylvester, Mrs. George F. Miller, Katherine, Edith and Nora Klotz, all of this city. There are also eight grandchildren.

Funeral services Friday afternoon at 1:30 o'clock from the residence, and at 2 o'clock from St. Peter's Catholic church. Friends are kindly requested to omit flowers.

MOORE.

Miss Louise Moore, aged twenty years, daughter of the late Rev. Carson Moore, former pastor of the Free Methodist church, died Tuesday afternoon at Hope hospital. Death followed two months' illness from complications.

Surviving besides the step-mother she leaves three sisters and four brothers—Mrs. Mallisa Malehow, of Francesville, Ind.; Misses Hazel and May Moore, at home; Thomas Moore, of Three Oaks, Mich.; Everet Moore, in the United States navy; Cecil and John Moore, at home.

Funeral services Thursday morning at 10 o'clock from the Free Methodist church. Later the remains will be shipped to Francesville for interment.

WEAVER.

Lillian Weaver, aged 1 year, 3 months and 14 days, daughter of Mr. and Mrs. Equa Weaver, of 1520 Hayden street, died at 8:30 o'clock this morning, after an illness of three months from complications. The father is employed at the Bass Foundry and Machine works.

Funeral services Friday afternoon at 2:30 o'clock from the residence, Rev. G. F. Byrer officiating. Interment at Lindenwood.

MARTIN.

The one-day-old son of Mr. and Mrs. Charles P. Martin died Tuesday at the Lutheran hospital. The remains were removed to the home of the parents, in Decatur, where funeral services were held at 9 o'clock this morning from St. Mary's Catholic church.

FUNERAL NOTICES.

Tschannen—Funeral services for Jacob Tschannen Thursday morning at 10 o'clock from the residence near Wallen, Rev. Bunner officiating. At 1 o'clock in the afternoon services will be held from the Antioch church at Hoagland, Rev. Mumma officiating.

Matthews—Funeral services for Mrs. Rose Matthews Thursday morning at 10 o'clock from the Schone & Aukenbruck undertaking parlors.

Singleton—Funeral services for Mrs. Martha Singleton Thursday afternoon at 2 o'clock from the residence, 3005 Fairfield avenue, and at 2:30 o'clock from the Trinity English Lutheran church, Rev. Samuel Wagenhals officiating. Interment at Lindenwood.

SOLEMN CEREMONIAL FEAST

Emanuel Chapter, Rose Croix, extends a cordial invitation to all Master Masons to join with them in the ceremonies of Maundy Thursday celebration to be held at Scottish Rite Cathedral, Thursday evening, March 20th, at 8 o'clock.

AUTO SHOW OPENS AT THE PRINCESS

Neighboring Auto Enthusiasts Plan Motor Parties for the Exhibit.

EXPECT BIG CROWDS

Local automobile dealers who are conducting exhibits at the automobile show at Princess rink expect a large crowd of visitors this evening, the first night of the exhibition. The show was scheduled to open at noon today, but considerable delay was experienced in getting the cars into the rink, and in arranging the different and costly displays. Decorations were completed Tuesday night, and the large auditorium is handsomely lined with green and white, while wax figures draped with the same colors adorn the different sections, marking the individual exhibits of the dealers.

More than one dozen automobile agencies, five local motorcycle firms and four dealers in auto and motorcycle accessories have contracted for space in the rink, and by night will be ready to take care of the visitors. The Barner orchestra of ten pieces has been engaged to furnish the music, both afternoon and evening.

Reports received by dealers this morning state that numerous auto enthusiasts from neighboring cities are arranging for motor parties to Fort Wayne during the remainder of the week, so outside people may get a line on the 1913 models.

NEWS OF FORT WAYNE'S NEIGHBORS

STATE'S WITNESS HAS DISAPPEARED

The Charge is Made That He Was "Spirited Away" by Defendants in the Cases.

Portland, Ind., March 19.—The "spiriting away" of the prosecuting witness is the latest alleged move of the defense in the cases of the State vs. Lewis Whipple and Charles Silvers, who are charged with the illegal sale of liquor and whose cases were to have been tried this week in the circuit court.

The prosecuting witness is Perry Blackburn. He made illegal purchases of whisky from the two defendants and it was on his testimony that they were indicted by the grand jury. Tuesday when one of the cases was called in the circuit court and the jury sworn Blackburn could not be located. Immediately, on motion of the prosecuting attorney, a writ of attachment was issued for the missing witness.

Intimations are made by the "dry" forces of the city that Blackburn has been "shipped" out of the state, presumably by those interested in beating the cases against Whipple and Silvers. Two rumors are afloat, one that he left on a southbound train early Tuesday morning for Kentucky, and the other that he went north intending to go to Detroit, Mich.

Blackburn is a local character who was employed by Walter Holmes and J. E. Clark, two "dry" workers, and on Sunday night Holmes issued a check for $13.10 to keep Blackburn out of the county jail when he was arrested for failure to pay an old fine. After that he disappeared.

LARGE GRADUATING CLASS.

Many Scholars Will Receive Diplomas in Kosciusko County.

Warsaw, Ind., March 19.—Despite the fact that the school enumeration of Kosciusko county shows a loss from year to year, the number of graduates from the common schools is steadily increasing. The present indications are that this year's graduating class will be the largest in the county's history. The first examination was held on Saturday and 356 manuscripts were handed in for grading by County Superintendent E. B. Barber. This was by far the largest examination class ever handled in a single day in this county.

INITIATE BIG CLASS.

Many Visitors Attend Meeting of Order of Columbian Knights.

A class of twenty-two members was initiated Tuesday evening at the meeting of Fort Wayne lodge, No. 21, Order of Columbian Knights, held in the I. O. O. F. hall. About sixty members were present and among them were twenty from Chicago, forming a degree team and taking charge of the initiation. Following the initiation a banquet was served in honor of the new members.

WHITLEY FARM SOLD.

Columbia City, Ind., March 19.—T. R. Duggins has sold his farm of forty acres a mile and a half south of South Whitley on the Claysville pike road to Albert E. Burwell, of Cleveland township, for $137.50 an acre, or $5,500 total. Possession March 28. The farm is for rent as Mr. Burwell has rented the Schoenauer farm for the year.

NEW FACTORY AT DECATUR.

Decatur, Ind., March 19.—Ollie Chronister is pushing the work on his new spoke and hub factory in this city and expects in a few days to have it in full operation, probably by next Monday. The buildings are already up. Mr. Chronister will employ from ten to fifteen men and at present will manufacture spokes for automobiles, buggies and wagons.

AUBURN ASKS PAY FROM GAS COMPANY

Franchise Gives City Percentage on Receipts of Indiana Light and Fuel Co.

Auburn, Ind., March 19.—Hugh J. Keegan, of Fort Wayne, was present at the meeting of the city council this week in the interests of the Indiana Light and Fuel company, coming here at the request of the council. The five-year limit of the company's franchise having expired the council is asking that the city be paid the 2 per cent of the gross receipts of the plant provided in the franchise. Mr. Keegan was called for the purpose of giving the council a statement of the company's business.

He presented figures to show that the amount of business done the first six months the company operated was very small and on the strength of this small showing he raised the point of when the city should consider that the company began operations. He contends that the date ought to be January 1, 1908, instead of June 1, 1907.

Mr. Keegan's figures show that the total gas sales for the year 1907 were $1,166.24 in Auburn and $1,407.97 in Garrett. The coal cost was $1,384.79 and the plant pay roll was $3,170.19.

The council told Mr. Keegan that the matter would be considered until the next meeting before any action was taken on it.

LOST OLDEST RESIDENT.

Not by Death, But by Removal From the City.

Kendallville, Ind., March 19.—On Tuesday Kendallville lost its oldest resident with the departure of Martin Carrick, who left for Coldwater, Mich., where he will make his future home with his daughter, Mrs. Wilt Keller, who, after a visit here, succeeded in inducing her father to spend the remainder of his days at her home.

Mr. Carrick is 97 years old, celebrating his anniversary on Monday, March 10. Although he lacks but a few years of being a centenarian, he is still enjoying the best of health. Unlike the few who attain a ripe old age, Mr. Carrick still retains his mental faculties, and his memory of past incidents is remarkable.

HUNTERTOWN OPTION ELECTION.

If Voted "Wet" Perry Township Would Get Two Saloons.

Huntertown, Ind., March 19.—The local option election will be held in Perry township on March 31 and both sides, the "wets" and the "drys," are lining up their forces for the fight and both are claiming victory. The township voted "dry" two years ago. Should the township go "wet" it would be entitled to two saloons under the law. Some of the "wet" leaders are claiming that under the law the township would be entitled to only one saloon. This statement the "drys" contradict. The opinion of lawyers consulted is that the township would be entitled to two saloons if it was voted "wet."

DECATUR NEWS.

Decatur, Ind., March 19.—Robert, aged three, son of Martin Marhenke, of Monmouth, whose death occurred yesterday, was laid to rest this morning in the Monmouth cemetery. The little grave is side by side with the larger mound, still covered with newly turned earth, under which the babe's mother was laid two weeks ago. The babe's mother is the woman for whose death two Fort Wayne physicians, Drs. C. N. Goheen and George Thain, are accused of being responsible, they being charged with having performed criminal operations upon her, resulting in her death. The babe, who died yesterday, has been weak from birth, suffering from spinal trouble, or softening of the bones. Its death occurred at the home of its grandparents, Mr. and Mrs. James Watts, at Monmouth. A daughter, Merle, aged six, is the only child left in the motherless family.

Judge O. N. Heaton, of Fort Wayne, special judge, is hearing a case in the Adams circuit court for the contest of a will. The heirs of the late William Schwartz, aged fifty, a bachelor of Monroe, are trying to set aside the will which gives them only his pictures in his home and leaves the bulk of his $16,000 estate to a proposed hospital in Berne, provided Berne raises an equal amount.

The $1,000 house on the farm of Mrs. Lucy Gregory, in Blue Creek township, tenanted by the Lawson family, burned to the ground. Only the contents of the first floor were saved.

W. R. Smith and son, Frank Smith, the latter of Hammond, have purchased the Henry Schlickman restaurant. Mr. Schlickman takes as part payment the F. Smith cigar store in Hammond.

County School Superintendent L. E. Oplinger has granted the petition for the consolidation of school districts seven and eight in Root township. A joint school will be built near the Mt. Pleasant church, midway between the two schools.

Charles Hoover has returned from St. Paris, Ohio, where he was called by the illness of his step-father, Daniel Poorman, who is ill with kidney trouble.

Mr. and Mrs. Ed Phillips were called to Lima, Ohio, by the death of their only granddaughter, Helen, aged three years, daughter of Will R. Phillips.

Mrs. Margaret Meibers and daughter, Mrs. C. S. Clark, went to Fort Wayne to call out heir niece and cousin, Mrs. Stellar, who is ill with tuberculosis, and also on a friend, Mr. Noah, at the St. Joseph hospital.

A birthday surprise dinner was given for Harry Suman's twenty-first birthday anniversary.

ONLY "CASCARETS" IF CONSTIPATED

Gently clean your liver and constipated bowels while you sleep.

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Adv.

Skin Peeling Nature's Aid to New Complexion

(From Woman's Tribune.)

Mercolized wax is a natural beautifier. By flaking off the devitalized surface skin, it merely hastens nature's work. The second skin layer, brought gradually to view, exhibits the healthy, youthful color produced by capillard circulation. Thus because the capillaries are thus brought nearer the surface; also because the new skin is unsoiled by dust and dirt. This wax, to be had at any drug store (an ounce will do) is put on nightly like cold cream, washed off mornings with warm water. Its work usually is completed in from seven to ten days, long enough not to show too marked results from day to day, or cause pain or detention indoors.

A face bath to remove wrinkles, made by dissolving an ounce of saxolite in a half pint witch hazel, is another natural beautifier, since its astringent and tonic effects smooth out the wrinkles in accordance with nature's own process.

The Slaying of King George

The assassination of King George in the streets of Saloniki, is another illustration of the utter futility of any system yet devised to insure the personal safety of national rulers against the crack-brained degenerate within whose diseased mental processes fancied wrongs cry out for redress which distorted mental vision conceives can only be brought about by murder. In the present instance, as always, danger came from the most unexpected quarter. The Grecian monarch in the Turkish city his victorious legions had taken, is shot down not by an Ottoman fanatic raging beneath the sting of defeat and resenting the invasion of the Hellenic armies, but by one of his own subjects—a Greek of low mentality whose explanation for his deed is that he is "against governments." His must have been something of the same sort of mental investiture as that which impelled the slaying of McKinley by Czolgosz, and the later attack upon Ex-President Roosevelt by Schrank at Milwaukee. Under the American view of things, King George's action in taking personal command of his troops in their war with other Balkan allies against the Turk was wholly unwarranted as unnecessarily inviting death by the fortunes of war as well as supplying a conspicuous target for just the type of assassin who has appeared. Yet it was a brave thing to do and was valuable as a stimulus to the fighting spirit of the Greek soldiery, but the cost has been infinitely too great. It serves to emphasize in distressing fashion the tremendous menace of the degenerate in this swiftly moving age of social and governmental development, the very action of which tends to topple the scant mental poise of the crank and impel him to murder.

And Bluffton, also, is getting a bit of undesirable limelight as a result of recent disclosures involving moral delinquency, action having reached a point where a number of prominent young men have been arrested and where a board of public safety has been organized by members of the city council. The latter, it ought to be said, is apparently taking hold of the situation in business-like fashion by issuing a warning to parents that if they will not keep their daughters off the streets when not properly chaperoned, they may expect to be called upon to extricate them as best they can from the embarrassing meshes of the law.

At the request of the speaker of the Iowa house of representatives, Dr. J. N. Hurty, Indiana state health secretary, is preparing a "model" health bill to be introduced in the Iowa law-making bodies, and he has been told to make it as "ideal" as possible. Those who have regarded Dr. Hurty as something of a health faddist in what he has already done in Indiana, might as well prepare for some additional shocks now that the militant Hoosier health crusader has been given carte blanche to "go the limit" on the Iowa bill.

Figures compiled by the Traction Terminal company at Indianapolis appear to sustain the contention that the trolley lines are each year bringing to the stores of the state capital shoppers that outnumber the city residents as buyers two to one. In other words, twice as many people from a distance come by trolley line as are supplied by the city itself. There could scarcely be a more impressive illustration of the utility and extent of the electric line traffic than that afforded by a comparison like this.

Down at Crawfordsville a citizen announced that he was a candidate for the nomination for mayor, and they promptly committed him to an asylum for the insane at Indianapolis. But Crawfordsville desires to state that this action applied only to an individual case, and it is in no sense to be considered a precedent.

VOCATIONAL EDUCATION.

South Bend News.)

Indiana now boasts what is pronounced by experts of national reputation the best vocational education law now in force in the United States. It is the product of thorough investigation of the needs of the state in agricultural and industrial education and of deliberate and intelligent consideration by the legislature, and it is believed will be of great and permanent benefit to the state.

In the estimation of legislators, state officials and educators this law is regarded as sharing in importance with the public utilities law. It makes agricultural and industrial training a part of the public school system and brings it close to the people instead of attempting to make it a separate part of public education and limiting it to large districts, which on account of distance and expense would bar many from its privilege. Practical training in useful occupations is made a part of every day education of children and they will be taught to apply the theories learned and become useful with their hands as well as discerning with their minds.

Special attention will be given to agriculture in the country schools where the tendency is more generally in that direction, but all will have opportunity to develop their adaptability along other lines. The needs in these particulars were fully developed by the commission appointed two years ago, which was composed of representatives of the legislature, the labor interests, the employing interests and the farming interests. The commission visited different parts of the state, took evidence and studied the laws of other states, with the result that the law seems to provide for every contingency.

With the advantages provided by this law boys and girls will leave the public schools with some practical equipment for the serious responsibilities of life. They will know something of agriculture or mechanics fitting them to intelligently take up their life work where they do not intend to study for one of the professions.

A SUPPRESSED BUGABOO.

(Kansas City Star.)

What has become of the predictions of dire disaster which were sounded in past years by ultra protectionists every time there seemed any likelihood of a return of the democrats to power? The entire government is now democratic, the committees of congress have almost completed bills for reductions of the tariff, and there is little question that they will become laws within a few weeks. Nobody seems to be frightened. Even the most extreme advocates of high tariff are saying little. Business is active everywhere. The protected industries are turning out more product than ever before. There is no rush to get rid of goods on which tariffs will be reduced or to sell the securities of corporations engaged in protected industries except, perhaps, the beet sugar companies.

The great majority of the people have learned that the men interested in maintaining high protection have been keeping the system alive by false claims of its importance and exaggerated statements of what would happen if "democratic free trade" should prevail in this country.

The proposed new tariff legislation, so far as any information about it has leaked out of the committees in charge, is so far from establishing "free trade" that most of the proposed new import duties would have been deemed highly protective at any time before the war, even though they are substantially lower than those now prevailing. That is one reason why the protected interests are not making much ado over the impending change. Another, and the chief reason, is that the American home market has become so big that the moderate increase in importations likely to occur under the new duties would add little, comparatively, to the supply of goods, and would not appreciably interfere with the command of the market by the home manufacturers.

A MISTAKEN MOB.

(Pittsburg Post.)

The mob at Salem, Ill., which, frustrated in its attempt to lynch the assailant of a young girl, found expression for its sentiment in hanging an effigy of the mayor placarded: "Our Mayor; the root of all evil," made the usual mob mistake. Its anger against the mayor was because of the belief that the attack on the child was the direct result of lawless conditions permitted by his administration. If that can be proved, the indictment must, of course, include the mayor, but it is absurd to term him the root of the evil. That is to be found among the people themselves who elected that kind of a mayor to office and who tolerated his continuance in that capacity. The responsibility can not be confined to the official representative. It must be shared by those who selected him as their representative.

If Salem has an administration that fosters conditions that produce evils that infuriate the people to mob violence it is because the citizens in the first place were guilty of just as deplorable laxity of civic duty in failing to select fit representatives to govern the town. Their readiness to resort to mob anarchy when aroused is characteristic. Those who neglect to give proper consideration to the selection of their representatives are usually the most clamorous and excited in criticism and abuse. If this Salem mob had been better informed it would have hung itself in effigy as the really responsible root of the evil and as a warning of the perils of civic indifference.

SALVATION THROUGH THE PAY-ENVELOPE.

(New York World.)

Do the "social reformers" who so zealously advocate a minimum wage by statute for working girls understand what their own statements mean? Do they intend to imply that virtue begins at $9 a week and ceases at any lower pay? Is it their meaning that the decency and honesty of living of women who work is measured by the contents of their pay-envelope, and that the $9 and upward class is the only class of sufficient character to be proof against temptation and vice?

Have any of the investigators who remedy social conditions so glibly ever investigated how many of the working girls who get less than $9 a week go to the bad, or how many who get over $9 a week go to the bad, or how many who never did a day's work for pay have gone to the bad? Have they ever considered the matter from the standpoint of moral character and early training, and not merely from that of dollars and cents?

STUDENTS TEST RECORDER.

High School Boys Examine efficiency Tester.

An efficiency recorder, a machine invented by George Card, 802 West Jefferson street, has been thoroughly examined in the manual training department of the high school during the last two days. The demonstration was made by Mr. Card himself. The apparatus is an exceedingly light machine and covers a space of nine inches square. It was attached to an engine lathe and one of the students was selected to run it, while two others were appointed to look after the recorder and copy the readings taken from the timing clock on the blackboard. As recorded, the work of the student totaled 61.0 per cent. efficiency, a record much higher than some taken from lathes operated by skilled mechanics in large factories. The Lodge and Shipley company, of Cincinnati, is the only factory yet to install the recorder, but it has not yet been placed upon the market.

A Specialist's Advice to MEN

—who are contaminated by enervating disease of the genito-urinary system, is worth far more than any other advice you can obtain. I have these cases every day. I have dozens of them every week, and hundreds and hundreds of them during a year. From long experience with every phase of such disease and its progress in every kind and condition of man, young, middle-aged and old, I can tell you exactly what is best to do. The average physician sees these cases very infrequently. The majority of those within reach of my office come here and prefer to come here rather than go to the family physician, and this is reasonable, for I devote my entire time and attention to special diseases in men. If you have Nervous Debility, Weakness, Lost Vigor, Drains, Losses, Varicocele, Hydrocele, Blood Poison, Ulcers, Stricture or related disease—all of which are disastrous to man's nervous system and constitution—come to SEE ME.

You can profit by a prompt visit. Advice honest and candid. Examination free and strictly confidential. Prices moderate. Hours 9 a. m to 8 p. m. Sunday 9 to 1 only.

"WABASH VALLEY LINES

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP---25 CENT "DANDERINE"

Save your hair! Danderine destroys dandruff and stops falling hair at once—Grows hair, we prove it.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes o much for the hair.

Just one application of Knowlton's Danderine will double the beauty f your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.—Adv.

COMING OVER WABASH LINE

Corn and Soil Improvement Train to Tour Northern Indiana,

MARCH 27, 28 AND 29

Lafayette, Ind., March 19. Farmers in counties adjoining the Wabash railroad in central and northern Indiana will be glad to learn that a seed corn and soil improvement special lecture train will be operated over the Wabash lines March 27, 28, 29.

The train is run through the co-operation of the Agricultural Excursion Department of Purdue university and the Wabash railroad. This train will leave Lafayette on the morning of March 27, and will proceed east to the Ohio line, when it will be transferred to the Chicago division and will work westward to Hammond.

The Soils and Crops department of the Purdue Experiment station will present the best information on the selection of seed and the improvement of the soil. An effort will be made to present information which will assist Indiana farmers in raising the average yield of our corn crop.

Complete schedule will be announced in a few days. Every one should watch for this and plan to meet the train and take part in this movement for better agriculture.

GLOVES CAUSE SKIN DISEASE.

Woman Sues Shopkeeper Who Sold Imperfectly Dyed Article.

Paris, March 19. Few women would suspect that the gloves worn to preserve the delicacy of their hands and to ward off any chance contamination may themselves be a source of troublesome ailment. But Mme. Tallon, who bought a pair of black suede gloves September 30, 1911, at a shop in the Rue Tronchet, Paris, had had reason to rue her purchase, for a few days afterward she found that her hands were inflamed and that her features were marred by an eruption wherever she had touched her face with the gloves.

On consulting a doctor she was informed she was suffering from eczema due to the dye from the gloves. She then sued the shopkeeper, who in his turn brought an action against a Grenoble manufacturer.

Experts decided that the glovemaker had not used a sufficiently fast dye, and it was therefore liable to be deposited on the hands when the gloves were worn.

A WORD OF CAUTION.

One should be exceptionally careful just now about taking cold, and when a cold is contracted get rid of it as quickly as possible. To accomplish this you will find Chamberlain's Cough Remedy excellent. It is not only prompt andeffectual but is pleasant and safe to take, and has a reputation of forty years back of it. For sale by all dealers.

PARIS GETS RAGTIME MAD.

French Capital Also Gets Introduction to New Scotch Music.

Paris, March 19.—A new dancing step called Scotch time" is being introduced to Paris society by Andre Foquieres. A number of hostesses say it is likely to become more popular than the two-step. Among the other new dances that are taking the French capital are the "Argentino," the "Nicaraguan Chichicho" and the "Sherlockinette." Nevertheless, dear old Paris is somewhat reluctant to abandon the bunny hug, which is danced everywhere. Gay Paree is in truth ragtime mad; so much so that many Americans who come here for novelties are kicking at having Broadway follow them across the ocean. It is all a mistake, they chorus. The dancers at the chief Paris restaurants and supper resorts are mostly professional waltzers from New York's great white way. "What! You here!" is the way some Gothamites here greet these old favorites.

CONVICTION BORN OF EXPERIENCE

The man who has used Chamberlain's Cough Remedy and watched and felt and realized its remarkable curative properties will tell you that it has no superior for coughs and colds. The remarkable success of htis preparation aided by the personal recommendations of people who have been cured by it has made it one of the most popular medicines in use. Try it when you have a cough or cold and realize for yourself what a first class cough medicine will accomplish. For sale by all dealers.

KISS STRAIN ON HOME TIES.

But Testimony Shows Due Resistance, and Hearts Now Healed.

Bloomsburg, Pa., March 19.—It was still dark, but 5 in the morning, when John Holderman of Mt. Pleasant township peeped down through an aperture beside the stovepipe hole in the floor of his upper room. He later testified before Justice Linville that he "then and there saw David Young kissing Mrs. Holderman in the kitchen below." He called to them and they parted. Then Mrs. Holderman wisely got a warrant for Young for kissing her against her will, and Young gallantly agreed on oath that her's was the true version of the affaus. Holderman thereupon forgivingly hinted that "the case might be settled," and it was. Young paid the costs, $3.70, and everybody seemed happy.

MUDDY COMPLEXION.

When you see a woman with a muddy or sallow complexion and dull eyes, you may know that her liver is out of order. A few doses of Chamberlain's Tablets will correct it and make her look better and feel better. For sale by all dealers.

HATCH EGGS ON RELAY PLAN.

Vultures in London Zoo Are Anxious While Awaiting Little One.

London, March 19.—In a great nest of twigs some twenty feet from the ground, two huge Kolb's vultures, at the Zoological gardens, are having the most anxious time of their lives. They are becoming domesticated. In the nest is a large white egg, weighing nearly a pound, and, despite the persistent efforts of both birds, the eggs refuses to be hatched.

The baby vulture should have been born several days ago. But, despite all the patient care and watchfulness of the two birds—they have been taking turns on the nest for some forty-five days—there is not a sign of life in the egg.

The other day the mother bird was hopping fantastically about the cage in a frenzy of emotion. Up above the father vulture sat despondently on the nest. Suddenly there was a thrilling, unexpected incident.

The bird, hopping off the nest in his thoughtless, masculine way, tipped up the big white egg and rolled it right to the edge of the nest.

Both birds seemed paralyzed with terror, and a keeper, to prevent the egg getting cold, got a ladder and put the egg back in the nest.

Mrs. Charles Virgil, of Manila, P. I., and Mrs. A. J. Murdock and Mrs. May Patterson, of Logansport, were the honor guests at an informal thimble party which Mrs. George Crane and her daughter, Mrs. Frank D. Bond, gave at the Crane home today. The guests were members of the Neighborly club to which Mrs. Bond belongs, the mothers of the members and the relatives of the visitors for whom the company was given. All are familiar friends and acquaintances and the ladies sewed and visited and much of the time did more of the latter than the former. Very tempting refreshments were served.

Mr. and Mrs. James D. Gronna, who were guests of the Misses Meyer, of Harrison street, on their wedding trip, resumed their journey to Lincoln, N. D., where Mr. Gronna is cashier of a bank. Mrs. Gronna was Miss Marguerite Stutz, of Washington, D. C.

A pretty home wedding will take place this evening at 7:30 o'clock when Miss Edith Moore and Edward H. Hunsaker are married by Rev. C. O. Shirey, at the home of the bride in Center street. Miss Moore is very popular with her friends and has been frequently the honor guest at parties given in honor of her approaching marriage.

Mrs. Joseph F. Bennett of South Calhoun street, was surprised by a number of friends, members of the Daughters of Workmen, on Monday evening, in celebration of her birth anniversary. There were twenty-six people in the party and after a visit a delicious supper was served. Mrs. Bennett has been prominent in the work of the lodge for several years.

Miss Valette Ray celebrated her fifteenth anniversary on Monday evening by entertaining a number of friends at a very pretty party. Games were played and refreshments were served. The guests were Alice Rice, Alice Wilding, Helen Cuvalier, Agnes Zeltner, Louise Tyger, Esther Neufer, Vera Reed, Cloota Cramer, Irene Smith, John MacWillan, Hershal Coil, Homer Popp, Roy Campbell, Jesse Metcalf, Eugene Reed and Arthur Harris.

An extra meting of the Woman's Reading club held yesterday afternoon at the home of Mrs. C. E. Branson with Mrs. Isaac d'Isay as the hostess, proved an afternoon of profit and pleasure to as many guests as there were club members present. The program was in charge of Mrs. H. G. Granger and Miss MacDougall and they invited Rev. Arthur J. Folsom to deliver an address on "The High School Boy" which had been most favorably received by another club in the city. The address is one that seems most opportune to the present day and the problems which are vexing more than one mother's heart and as Mr. Folsom has given much time to investigation and consideration to this particular subject during the past two years his conclusions are valuable. The hostess of the afternoon served sandwiches and tea at the close of the program in which she was assisted by Mrs. Branson.

Peters—Mennewisch.

Many friends are surprised by the announcement of the marriage of Miss Bertha Mennewisch, daughter of Mrs. Emma Mennewisch, of Organ avenue, and Mr. Otto Peters, son of Mr. and Mrs. Fred H. Peters, of Lavina avenue, which took place in Kalamazoo, Mich., on Monday, St. Patrick's day. The ceremony was performed by Rev. Gilleston, of a Presbyterian church. The bride and groom left here without making any announcement of their plans and wrote to relatives immediately after the marriage stating that they wanted to escape the attendant expenses and fuss of a home wedding. The wedding was a complete surprise to the groom's family, for although he had said he intended to marry Miss Mennewisch no particular attention had been paid to the announcement as no time had been given. A cousin of the groom, Martin Altekruse, was responsible for the acquaintance of the bride and groom about a year ago, but little thought he was acting as an agent for Cupid. The case was one of love at first sight and the young people are thanking Mr. Altekruse for the introduction. The bride has been employed at the S. A. Karn music store. Mr. Peters travels for the Foster Shirtwaist factory. Both Mr. Peters and his bride are young people of excellent character and have many friends.

AFTER A TESTED RECPIE BY CAROLINE COE.

One-a-penny,
Two-a-penny,
Hot cross buns.
If you haven't any daughters,
Feed them to your sons.

Every child must feel quite out of the zone of religious influence if he does not have hot cross buns on Good Friday.

The following is the oldest known recipe for these biscuits, whose history reaches back to the first anniversary of the crucifixion of our Savior, although the origin is obscure. The only difference in these from the ones made in Jerusalem is that we use the modern compressed yeast instead of the old leaven.

Two cups of milk.

One-half cup of tepid water in which is dissolved one cake of yeast.

One-half cup of suagr.

Three-fourths cup of butter.

Three eggs.

Three cups of flour.

Half teaspoonful of salt.

Scald the milk and while hot put in the salt, sugar and butter and allow to cool. When cool, put in the half cup of water containing the yeast. Beat in the flour until the sponge is light and foamy. Then add the three eggs well beaten and knead in enough flour (about another cup) to make as soft as bread dough. Set aside to rise. When it has doubled in bulk, shape into round biscuits. Place these at least an inch apart in a well greased dripping pan. Cover with a cloth and let them double in height.

When ready to put in the oven score the top of each bun with a cross and bake in a very quick oven. When baked draw part way out of the oven and brush the tops of each bun with a liquid made from the yolk of one egg beaten light with a tablespoonful of sugar and one-fourth cup of milk.

Sprinkle with a little cinnamon and return to the oven five minutes.

AT THE TEMPLE

Easter Monday brings about the biggest number of stars ever booked to this city. They will be on the all-star Temple bill, which is headed by Joseph E. Howard and Mable McCane, the famous musical comedy stars, in a vaudeville skit, "Just to Entertain." Mr. Howard and Miss McCane appeared in this city last season starring in "The Goddess of Liberty," one of the best musical comedies that ever appeared in this city. Mr. Howard wrote all the music to "The Time, the Place and the Girl," "Prince of Tonight," "Flirting Princess," "Stubborn Cinderilla," "Goddess of Liberty," "Land of Nod," "The Girl Question" and all of the LaSalle and Princess theater shows in Chicago for the past six years.

As an extra added attraction the management secured Fay, Two Coleys and Fay in a bit of variety, "From Uncle Tom to Vaudeville," one of the best acts in vaudeville. They are the feature this week at the Temple, Detroit.

AT THE EMPRESS

No higher tribute could possibly be paid to the splendid sketch, "The Son of Solomon," now occupying the headline positon in the current bill at the Empress theater, than that expressed in a letter received by Manager Harry W. Crull from Rabbi Meyer Lovitch, of this city. After witnessing a presentation of the playlet on Monday night, Rabbi Lovitch voluntarily sent the following lines of appreciation:

"Fort Wayne, Ind., March 18.—Mr. Harry W. Crull, Manager Empress Theater, City. Dear Sir: I witnessed the act, 'The Son of Solomon,' at your house last night with pleasure. From the poster I was led to believe it was another one of those caricatures that have been so common on the vaudeville stage and that have become so disgust and offensive, not alone to the Jewish patron, but to every fair-minded and refined theater-goer. I was therefore agreeably surprised to find this an act that omits everything that is offensive and in bad taste, while it retains much of the humor, the quaintness and sentiment that characterize the old Jewish home. On the whole it was very refreshing and encouraging after what we have so long been accustomed to in the treatment and portrayal of the Jew on the stage. I trust that your house will endeavor to make it its policy to refuse to put on any of the old offensive caricatures of the Jew, that no longer even have the merit of novelty, originality or humor, so that any self-respecting Jewish man or woman may attend your performance without the fear of being humiliated or offended as has been so frequently the case in the past. With best wishes,

"Sincerely yours,
"RABBI MEYER LOVITCH."

Want Pink Cheeks — Red Lips?

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscles in the blood—under a microscope the blood is thin and watery. The flesh is flabby too. Well Known physicians assert that the regular administration for several months of three-grain hypo-nuclano tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red, and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops.

BIG CROWD AT PEOPLE'S STORE

Initial Opening Under New Management Attended by Thousands.

CANARIES A FEATURE

The initial opening of the People's store under its new management, held yesterday afternoon and evening, was a huge success. As three thousand carnations were given away, singly, as a favor to every woman who visited the store, some idea of the big crowd that gathered in response to the announcement that an opening would be held, can be gained. Certainly the people were there. They thronged the three roomy floors and grew so enthusiastic about the big musical feature of the opening that they are not yet through talking about it.

There was Reineke's orchestra of ten pieces that played gay music all during the evening, but the unique part was the singing of canary birds. The People's store makes an annual feature of these yellow songsters, which they have for sale. The birds are imported from Andreas, Germany, and there were several hundred of them in the store yesterday, singing as if they would split their tiny throats. Everytime the orchestra struck up last evening the birds joined in the chorus. There were from five to six hundred birds in the store. So no one except the thousands of visitors can realize how beautiful the music was.

Of course that wasn't all there was to be seen. The store was decorated for the occasion with apple blossoms and sweetpea blossoms, to say nothing of the array of spring goods, the fine display in the millinery department, the counters of silks, fancy cotton goods, the ready-to-wear gowns, children's clothes, etc., and the many fancy neckwear, ribbons, gloves and similar articles that please, in addition to all the many departments of plainer goods, the must-have-them things that every man and woman buys for his home or for himself.

The present management of the store consists of Nate Beadell, superintendent and general manager; William F. Sanders, president; William Wintle, vice president; J. F. Kleinrichert and William Walda, directors. These men extended courteous greetings to the visitors and received many congratulations on the splendid success they made of the opening.

IN THE CHURCHES

SERVICES AT CATHEDRAL.

Will Be Held Tonight and Thursday—Chorus Choir Sings.

The services this evening and Thursday night at the Cathedral will be of an impressive character. There will be no services at the other Catholic churches in the city these two evenings, the entire Catholic clergy participating in the worship at the Cathedral, which is known as the Tenebrae service. The singing will be by a chorus choir of twenty-eight voices selected from the different churches and under the direction of Father Venn. This chorus is composed as follows:

First tenors—Rev. John Toujas, Prof. Henry Krull, organist at St. Patrick's, John N. Schnurr, Thomas Graffe and Dawson Hayes.

Second tenors—Prof. Fred Binder, organist at St. Peter's church; C. J. Stein, organist at the church o fthe Most Precious Blood and Christian Suelzer, Fred Wenning and Herbert Sudihoff.

First bass—Rev. Wm. C. Miller, Prof. Louis M. Peil, organist at St. Mary's, Prof. Edward M. Noll, organist at the Cathedral, John Orth, organist at St. Andrew's and John Alt.

Second bass—Charles H. Thiele, rector of St. Peter's; Rev. Michael Aichinger, St. Pauls; Prof. J. J. Huck, organist at St. Paul's, and Felix J. Kindley, Charles Schellhammer, Herbert Ackermann and George Ryder.

Special services in all the Catholic churches will mark the observance of Holy Thursday. There will be services at 7 o'clock Thursday morning, and Bishop Alerding, assisted by all the Catholic clergymen of the city will participate in the 9:30 o'clock service Thursday morning at the Cathedral.

Bethel Church Sale.

The ladies of the Bethel Evangelical church will hold a sale of home-made baking and colored Easter eggs Saturday morning in the Eagle laundry on South Calhoun street.

* * *

Grace Reformed Church.

Rev. E. M. Todd will preach this evening at the Passion week services being held at the Grace Reformed church, Rev. C. O. Shirey on Thursday night and Dr. Zartman, the pastor, Friday night. Rev. Edward Montgomery gave the sermon last evening, a most forcible and helpful one.

The ladies will have an all day sewing at the church tomorrow and the missionary society will hold its monthly meeting in the afternoon.

* * *

Third Church of Christ.

Revival services will be commenced at the Third Church of Christ on Sunday evening by the patsor, Rev. F. L. Taylor, who will be assisted on the week day evenings by Rev. M. L. Buckley, of the West Creighton Avenue Church of Christ, and Miss Una Dell Berry, the gospel singer.

* * *

Salvation Army Service.

Tomorrow evening at 7:45 o'clock Major J. L. Cowan and Ensign A. O. Pates, of Indianapolis, will conduct the services at the Salvation Army citadel. One of the interesting features of this service will be the giving away of a little baby. The major is a good speaker, and the ensign is an excellent musician.

HOLD GUARANTEE TO PAINT POSTS

Trying to Get Settlement on Calhoun Street Lights.

CITY HALL MATTERS

At a conference with the board of public works, Judge Walter Olds, representing the receivers for the Kerr Murray Manufacturing company, made arrangements to allow the city to retain for sixty days enough of the money due on the ornamental lighting system to guarantee that a second coat of paint will be given the posts.

This is provided for in the contract but it has been impossible on account of bad weather to do the work. The money will be held for sixty days and paid at the end of that time if the painting has been done.

Not Ready on Franchise.

Members of the board of public works said today they would not be ready to give an answer on the proposition to put in a heating system as proposed by George Cummings Campbell, of St. Louis, and it is likely that the matter will be deferred until the public utilities bill becomes effective.

A conference had been arranged for this afternoon with Col Pugh, of Terre Haute, and Major G. Will Wilson, of Fort Wayne, who submitted the proposition several weeks ago. Some radical changes were to have been offered but it was apparent that no grant will be made for the present.

A dozen bids submitted last night at the meeting of the board of public safety on 1,000 feet of fire hose were taken under advisement and an inquiry ordered as to when the auto ladder wagon, ordered of Robinson & Co., of St. Louis, and promised by April 1, will be shipped.

Mrs. Sophia Hulse, of 1211 Berry street, has been removed to Hope hospital for medical treatment.

SPORTING PAGE

SAME PAIRS ARE READY TO ENTER

Many of the Two-Men Teams Will Be Same as at Toledo Meet.

BLANKS ARE READY

Although there have been no entries in the city tournament booked for next month, the bowlers are pairing for the events and many of the same clubs that entered the doubles at Toledo will bowl here. This will also apply to the five-men teams and it is probable that most of the bowlers in the city will take chances.

Entrants in all tournaments wait until the last minute to send in their money and this probably will apply to the Fort Wayne meeting but the entry blanks were ready today for distribution, and aside from the fact that many were delivered, there have been inquiries enough to insure that proper interest is being show in the proposed tournament.

A few years ago it was a difficult matter to arrange a tournament without a handicap, but so many young bowlers have developed into cracks that this troublesome feature has been eliminated and all are ready to go in on an equal footing.

There is also a certain amount of pride behind the meeting. The players made a name for Fort Wayne in the national meet this year and they want to preserve it by putting on a city contest that will be in keeping with the past performances of the many good bowlers of Fort Wayne.

WILL NOT MAKE TRADE.

Miller Huggins Says He Cannot See Deal Offered by Evers.

Columbus, Ga., March 19.—Manager Huggins refuses to bite at the well baited hook which Manager Evers, of the Cubs, has cast into the Cardinal pond. In refusing to trade Bob Harmon, a de luxe pitcher, for a choice of three of the following men, Outfielders Leach, Sheckard and Miller and Pitchers Lotfield, Humphries and Powell, Hug said:

"I wouldnt trade one major league pitcher for fifty minor leaguers."

And thus he spoke wisely, for Harmon is a big league corver, while none of the athletes named in the Chicago offer is of calibre save Sheckard and Leach, and they're about through.

FOLLOW VARNELL PLAN.

Canton Will Admit Women Free to the Baseball Park.

Under a new plan at Canton women will be admitted to the grounds free and will pay for seats in the grand stand.

CLAIMED UNDER A WAIVER.

Charlottesville, Va., March 19.—Allen Sheer, drafted by the Washington American league club from the Youngstown, O., Central league club, and who has shown good form in practice here as a hitter and outfielder, will join the Boston National league team in a few days. Manager Griffith several days ago asked for waivers on Sheer and was notified today that the Boston club refused to waive. He replied that Boston might have Sheer at the waiver price.

WANTS TO ARRANGE SHOOT.

Champion Will Be Here from Springfield to Open the Season.

Dr. A. Guy Emrick is endeavoring to arrange a shoot to open the season at Germania park on next Sunday, when Charles Young, of Springfield, O., will be in the city. Many of the crack shots of the city are anxious to take part and little difficulty is expected in arranging a meeting.

SHUNTS CATCHER INTO EVA SQUAD

Claude H. Varnell First Central Owner to Offer a Player.

RECRUIT FOR KNOLL

Evansville, Ind., March 19.—Claude H. Varnell, of the Fort Wayne club, is the first of the Central league owners to shunt a player over to the Evansville club to help the owners build up a team for the Central league season and the man he sent is Ray Haley, with the Wheeling club of last season, and a catcher and outfielder of promise.

Haley had not signed his Fort Wayne contract, and is one of the men under suspension for his failure to comply with the rules, but it is believed that little trouble will be experienced getting him into line. His home is at Kewanee, Ill., and he didn't finish the season last year on account of illness that siezed him at Grand Rapids late in August.

President Harry Stahlhefer has been persistent in his efforts to land Haley because of the many fine things which have been said about him by well posted men in the Central league. Haley was regarded as one of the promising receivers of the league last year. He is expected to prove a great asset in rounding up the pitchers who will report here on April 1.

Haley is not exactly a demon with the stick. His batting average last year was .262 in 87 games played. Sized up as a whole, however, the Kewanee boy was considered the niftiest in the league. One of his long suits is in throwing to second base, if reports are correct.

Out of 467 chances behind the bat Haley last season accepted 454 cleanly, only thirteen errors being chalked up against him. He had an average of over one assist a game.

Barney Dreyfuss, owner of the Pittsburg team, has spoken highly of the catcher. The Pirates want just such a man behind the bat as Haley, and are likely to grab him off this fall if his hitting average looks good. Haley is described as a heavy set receiver, who is always in the game.

Haley and Faulkinberry will no doubt make up Evansville's catching pair this year. Faulkinberry's record of .312 at the bat in the Kitty league in 1912 almost assures him the job as second catcher.

"The ball players I have talked to say Haley was one of the headiest catchers in the Central last season," said Stahlhefer.

WIGGAMS QUIT IN THIRD.

Took Beating from Glen Coakley and Then Gave Up Battle.

Howard Wiggams, wrestler, who has taken up the boxing game, quit in the third round of his go with Glen Coakley at Carrell last night. He took a sound beating before he decided to stop milling, and was at no time a factor in the battle. There were a couple of preliminaries on the bill that went the full ten rounds.

GOOD GAME BOOKED.

The Turner Juniors have a good game scheduled for Thursday evening at Turner hall when a team representing Roddin Corner, Ind., is the attraction. There will be an important meeting at Turner hall tonight and all players are urged to attend.

M'GRAW NOW UMPS' FRIEND.

Marlin, Tex., March 19.—Muggsy McGraw, one of the worst umpire baiters in the game a few years ago, now manager of the New York Giants, called his men around him yesterday and instructed them that they must be kind and gentle toward umpires.

COLLEGE PITCHER OF EIGHTEEN GAVE THE WHITE SOX LOT OF TROUBLE IN A PRACTICE GAME.

San Francisco, Cal., March 19.—Baseball fans who attended a game between the Chicago White Sox and St. Ignatius college recently saw something which few have ever witnessed in the history of baseball.

They saw an 18-year-old college boy face a world famous band of ball players and handle them as though they were amateurs. They saw men who have played the big leagues for years face him only to retire without a hit. They saw the youngster calm when the others of his team were up in the air, wildly excited. But the Sox won, 4 to 2, because the college team went to pieces in the ninth.

Walter ("Dutch") Reuther was the youngster.

He held the Chicago White Sox to three hits. He is a product of the California bushes, who is looked upon as one of the most promising youngsters pitching in this vicinity. He has been playing college baseball for two years.

Reuther should have held the Sox to a single hit. He had every man on the team on his staff, with the exception of Buck Weaver, who got two of the three hits charged against him. The Sox were impressed with the twirling of the youngster and they did not hesitate to say so, and it would not be surprising if Manager Jimmy Callahan should take a couple more looks at the youngster and eventually give him a try-out with the Sox.

Reuther is a southpaw who appears to have everything. He showed some terrific speed in this game and also a good change of pace. He has about every variety of curve and many times had the Sox breaking their backs to reach them.

Reuther was right on the job every minute. What particularly impressed the fans was his coolness. When Umpire Rush missed a third strike on Borton in the ninth frame Reuther appeared to be the one man on the St. Ignatius team who did not go up in the air. He did not have a word of complaint to offer until after the game, but went right on working on Johnson. He made this batter pop up an easy one to center which was dropped. Even then Reuther showed no signs of weakening, though such an error might have taxed the nerve of a far more experienced twirler.

A few weeks ago Reuther showed that he had the goods when he twirled for Louie Lowenberg against Harry Krause. Those fans who saw that game said that Reuther outpitched the veteran.

Three famous ball players watching in amazement the wonderful pitching of "Dutch" Reuther, 18-year-old college boy, who made Chicago White Sox look like amateurs. From left to right they are: Harry Lord, captain; Jimmy Callahan, manager, and the famous Bill Lang, scout for the American league. The upper picture is "Dutch" Reuther, the college boy.

GRANT IS GIVEN NEW POST.

Grandson of Famous Soldier Relieved from Washington Duty.

Washington, March 19.—Capt. Ulysses S. Grant, corps of engineers, son of the late Major General Frederick D. Grant, and grandson of President Grant, today was ordered relieved from duty as superintendent of the state, war and navy building here, effective April 30. He will be stationed at Leavenworth, Kan. His successor will be Capt. Douglas MacArthur, of the engineer school at Washington barracks.

BIG PROFITS ON SMALL COINS.

Government Reaps Handsomely on Its Mintage.

Washington, March 19.—The federal government made the enormous profit of nearly $6,500,000 on the coinage of pennies, nickels, dimes, quarters and halves during the fiscal year 1912.

George E. Roberts, director of the mint, announced that the treasury earned a total of $6,652,000 during the year on an investment of only $1,260,000 for the operation of the entire mint service, or almost 450 per cent.

The cost of the nickel is an index of the government's profit on the coinage of minor coins. Out of one pound of a compound of nickel and copper, costing about 23 cents, the government coins $4.65 worth of 5-cent pieces. The seigniorage, or subsidiary silver coins during the year, was $4,568,000, while that on pennies and nickels was $1,849,000.

NAPS ARE MOVING NORTH.

MAY TRADE KING TO QUINCY CLUB

Canton to Offer Infielder for Pitcher and Deal May Be Made.

IS NOT SATISFIED

Canton, O., March 19.—Chester King, resident of Parkersburg, W. Va., will not be on the payroll of the Canton Interstate league club, according to present plans of Manager Myers. King is an infielder. He occupied second base the greater part of the 1912 season for the Statesmen, being secured by Canton from Wheeling.

Plans are being prepared to trade King for Louis Tretter, pitcher, who is now owned by the Quincy, Ill., club of the Three-I league. Tretter's ability is known to Manager Myers, with whom he has been associated for three years. The twirler is reliable and an excellent worker when the situation is taut.

In a communication received here recently by King, the West Virginian stated that he did not like to accept a cut in salary necessitated by the reduction of the limit of the Interstate. Until the matter of remuneration can be fixed with Tretter the deal will hang fire.

"I don't know much about King, but ball players have told me that he is a steady-going player," said Manager Myers Tuesday. "The infield will be well taken care of, and King is not satisfied with the salary offered so I see no other way than to give him a chance to better conditions."

Infielder Hamilton, former manager of the Traverse City, Mich., State league club, has written to Manager Myers for terms. Hamilton, an infielder, lives in Toledo, and he is a free agent. Myers is inclined to act favorably on the matter.

As the roster of the local club now stands signatures have been received from five pitchers, two catchers, three infielders and three outfielders.

FAST MEN OUGHT TO BEAT THROWS

Calculation Shows Base Runner Has Best in Stealing Second.

FIGURES IN MATTER

New York, March 19.—Stealing second base in an important ball game is a pretty difficult task, but figures show that the runner, especially if a fast man like Cobb, Bescher, Collins or Evers, should be able to beat out the ball in the majority of cases.

According to accurate recording of the time taken by the pitcher in delivering the ball to the catcher, the catching of the sphere by the backstop and his throwing to second, the grabbing of the ball by the baseman and putting it on the runner, the stealer and ball should arrive at the bag at exactly the same instant.

Butthe pitcher, catcher and second baseman have to make an absolutely perfect play to keep up to the best figures, and there are many chances of a slip up of a fraction of a second that is always to the advantage of the runner. The pitcher has to throw the ball approximately sixty-eight feet, the catcher has to receive it and throw to the second baseman, a distance of 132 feet. The baseman has not only to get the ball securely in his mitt, but he must put it on the runner, and when the pilferer is coming in spikes first, there has to be some slight amount of caution use in this.

While the pitcher, catcher and baseman are performing their stunt, the runner has to cover about 85 feet or less. With a clever pitcher and first baseman working together, the chances are that the runner will get a lead off the bag of only five feet, leaving him eighty feet to run while the ball is being thrown about 200 feet. The 200 feet is somewhat of an estimate, for allowance is made for the arching of the ball in the long throw to second base and the fact that the catcher stands behind the batsman. The player must run the eighty-five feet in three and one-third seconds to be successful.

The average time of the play from pitcher to catcher to baseman is shown to be two and three-quarter seconds when a straight ball is being used, three and three-quarter seconds on curve balls, and on spit balls or slow balls three and a quarter seconds. Actual figures of the official records of the best base stealers, 67¼ per cent. of the attempted steals of the fast men are successful, while some of the stars get away with at least 70 per cent. of their attempted pilfers.

ANDERSON AFTER PITTSBURGH MEN

Watching Pirate Recruits and Conferring With Fred Clarke.

TALKS OF WHEELING

Hot Springs, Ark., March 19.—Manager E. J. Anderson, of the Terre Haute club in the Central league, is busy here with Fred Clarke, of the Pirates, and is looking over the men who will probably be sent back for seasoning.

He has his eyes on the youngsters every day and believes he will be able to pick off enough good men to fill in his team and make it one of the best in the league. He has orders to build up a first-class organization and is willing to spend a little money in the effort. He is holding daily conferences with Manager Fred Clarke and stands a good show to land something worth while.

Anderson blew into the Pirate camp Saturday night and started to work out with the Pittsburg players. The ex-Wheeling manager will manage and captain the Terre Haute team and play in the outfield. Concerning his separation from the Stogie outfit he had this to say:

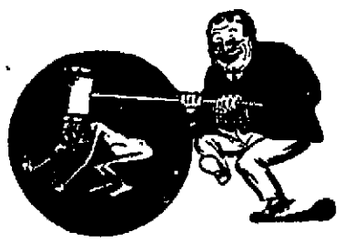
"I do not know what stories concerning me have been circulated in Wheeling, and I do not care much. I lost money there last year, and I was up against the proposition of making a living for myself and family. It did not look like it was worth while to give Wheeling another whirl after my experiences of 1912, and as I had a good offer from Terre Haute I accepted it. Why shouldnt I?

"This talk about my being the property of the Wheeling club is silly. I made out the reserve list myself, and I saw that E. J. Andersons name was not on it. I like Wheeling, and would have remained there if the public had given me paying support. I think the problems of that city will be solved if Sunday games at the Island park are permitted, and I can see no good reason why the Sunday games cannot be played there."

"Goat" will remain in the Vapor valley for two weeks, and will then go to Terre Haute.

Blood Bath Knocks Rheumatism

Remarkable Effects of a Remedy That Actually Irrigates the Entire Blood Supply.



It sounds queer to take a blood bath but that is peroisely the effect of a most remarkable remedy known as S. S. S. It has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every enunctory becomes in effect a filter to strain the blod of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison: it dislodges by irrigation all accumulations in the joints, dissolves acid accretions, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

The great Swift Laboratory has spent millions of dollars in perfecting, producing and placing in the hands of the public this wonderful remedy. So give your blood a good bath with S. S. S., for it knocks the worst forms of rheumatism every time.

You can get it at any drug store for $1.00 a bottle. It is a standard remedy, recognized everywhere as the greatest blood specific ever discovered. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 187 Swift Bldg., Atlanta, Ga.

MARTY O'TOOLE IS NOT A LEMON AND BARNEY DREYFUS AND FRED CLARKE FEEL SURE HE WILL PROVE IT BEFORE THE SEASON OF 1913 IS OVER.

Running and Weak Hitting, to Say Nothing of Old Sy Cology, Put Jinx an High Priced Pitcher, but Cold Facts Prove He "Made Good."

Hot Springs, Ark., March 19.—"Barney Dreyfuss stung!"

"Marty O'Toole loses another game!"

How often in 1912 did these words decorate sporting pages in big, black headletter type.

"How often did the fans say, "Just as I thought!"

"These million dollar stars never make good."

"O'Toole's a bloomer and Barney's stung, stinged, stang!"

The average fan doesn't analyze. Superficial examination is enough for him. Probably if a vote were taken in fandom the majority would decide that O'Toole failed to "make good" in 1913, and this would prove the genus fan a poor observer.

Your fan seldom goes beyond the fact. If the home team loses, no matter how well played the game, it is "rotten." If the team wins, it is a "great game."

Cold analysis proved O'Toole "made good." Manager Clarke and Owner Dreyfuss, of Pittsburg, are content. They would have liked to see him do better, but his 1912 work speaks large for a great 1913 season.

Sy Cology played a winning hand against O'Toole last year. Had he joined the Pirates minus the blatant publicity, the chances are his record would have formed the groundwork for even the fans to build great hopes upon for 1913.

Too much boosting proved a knock to O'Toole. The efforts of scribes to outdo each other in lauding the youngster, who cost so much money did him more harm than if they had dipped their pens in vitrol. That $22,500 check was the blow that killed O'Toole. Marty was press agented to death. Only a pitching average of 1.000 would have satisfied the fans—and probably they would have growled if every game was not a shutout.

Secretary John Heydler in 1912 made two tables of National league pitchers. One showed games won and lost. The other the runs per game for which each pitcher was responsible. In the first list O'Toole stood twenty-seventh, having won 15 and lost 17 games. In the second he ranked eleventh, ahead of Camnitz, Alexander, Cheney, Adams, Suggs, Richie, Lavender, Moore, Reulback, Brennan, Perdue and Harmon.

O'Toole's opponents made 110 runs, but in Heydler's list he is responsible for but 88, an average of 2.72 per game. He was hit 237 times, walked 159 batters and fanned 156, made two wild pitches and hit two batters.

Over-anxiety to make good, because of the press agenting and the high price he brought; bone-headed base running by Pittsburg, lack of timely hitting and the fact that every club saved its stars to pitch against him—these things militated against O'Toole.

To illustrate: On July 1 he opposed Lavender and for eleven innings not a run scored. Pittsburg made six, the Cubs five. In the twelfth Schulte hit a fly over Donlin's head. The ball rolled through a gate, opened for the first time since Forbes field was built, and Schulte scored.

June 17 O'Toole opposed Marquard and lost 5-4 in eleven innings. Pittsburg outhit New York two to one, O'Toole contributing two doubles and a single. The papers declared "bone-headed base running defeated O'Toole."

July 19 Marquard again beat him, 5-4. New York made four hits, Pittsburg ten. The winning run was questionable and the game was protested without avail.

Records show O'Toole pitched splendidly. He should have won 80 per cent. of his games. His support was often lurid, there was little hitting behind him and he constantly faced the pitching class of the league.

Clarke was criticized for using O'Toole against stars like Mathewson, Marquard, Cheney and Lavender, but Marty's work satisfied the manager that, with a little hitting and the thought of that $22,500 cheek dimmed by time, Pittsburg will have one of the game's greatest pitchers in O'Toole this season.

FIXING UP POLO GROUNDS.

Expect to Have Few Postponed Games During the Season.

New York, March 19.—The New York National league club expects to have fewer postponed games this season than ever. Groundkeeper Murphy, of the Polo grounds, has raised the outfield a good three feet in many places and the diamond also has been elevated so that drainage is almost perfect. He declares wet grounds will be almost a thing unheard of at the park this year. A separate club house is being built at the park for the New York Americans, who are also to play at the Polo grounds this year, and a score board on which every play of the game is to be recorded is being erected back of the bleachers in left field.

Must Stop Rheumatism

A Few Days' Use Will Prove What No Words Would Make You Believe.

"Suffered for years. Could hardly use my leg. It completely cured me." F. Garver, No. 535 East Lewis Street, Fort Wayne, Ind.

FREE IF IT Fails

Everything that is sold must be sold for profit. That's what makes business. Now see here. A medicine made for the cure of rheumatism and guaranteed to give satisfaction, must give satisfaction. The manufacturers could not afford to offer "money-back if it fails" unless they were pretty sure it would not fail. There would certainly be no profit in selling medicine and then giving back all the money received for it.

Root Juice Compound has cured so many cases that there is no longer any doubt about it—even when everything else has failed it gives quick results, stops the pain, takes out soreness, reduces swelling, regulates and strengthens the kidneys and cleans out the blood. It tones the stomach, too, and builds up the whole system. Its action is so sure and so dependable that it is sold with the distinct understanding that it costs nothing if it fails. That's the best assurance that it will not fail.

JUST GIVE IT 10 DAYS TRIAL

Get a bottle at any Drug Store and use it. Just try it for a few days. It won't take long to convince you and if you want your money back all you have to do is to return the empty bottle to the druggist and get it. Root Juice Compound will surely give you the relief you're looking for

HELD IN NAPOLEON'S ARMS.

Parisian, 105 Years Old, Lives on Milk Diet.

Paris, March 19—A man is living who was held in the arms of Napoleon as a small child, having survived two French emperors and three kings, lived through the term of ten presidents and witnessed two revolutions, one coup d-etat and one civil war.

M. Pierre Schmel, 105 years old, lives in Neuilly, Paris, happy and in good health, on 30 cents a day allowed him by the poor law authorities. He has lived on milk since he was 60.

PLUMP FOLKS AND THIN FOLKS

Samose Will Make People Fat—"Money Back If It Fails" Say Meyer Bros. Co.

The line of beauty is a curve. Women may be thin and graceful but not thin and beautiful. There is a vast number of pale, thin, scrawny people who are all brains and nerves, but without the strength and health that accompanies the standard weight. Good flesh and perfect health go together. A true flesh forming food like Samose is absolutely necessary to many people.

This remarkable discovery comes in tablet form and when taken after meals mingles with the food and helps it to assimmiate so that it makes rich blood and pleasing plumpness.

Meyer Bros. Co. have so much confidence in this remarkable flesh forming food and health restorer that they are willing and glad to allow any customer to deposit 50c with them and take home a box of Samose with the understanding that if it does not give a marked increase in good firm flesh the money will be returned without any questions. —Adv.

Pickard's ANNIVERSARY SALE

The thorough honesty of this sale—first, in the honesty of the goods; second, in the frankness in the price reductions without any attempt at juggling—has made it a tremendous success. Everything in our complete housefurnishing store has been reduced in price from 10 to 50 per cent., and the reductions plainly marked by big tags on each piece.

NOT VERSED IN MATHEMATICS.

Embryo Teachers Make Amusing Mistakes in Examination.

Many of the applicants for teacher's license in the last examination are woefully lax in their arithmetic, according to the papers which they handed in. County Superintendent Henry G. Felger has just completed the grading and says that of the 80 who took the test only thirty-one answered enough questions correctly to pass. One of the women applicants unwittingly set forth an entirely up-to-date measurement when she said that 5,280 inches equals one mile.

Another applicant, a man, wrote that after the crucifixion of Christ he told his apostles on the Mount, "In my father's house are many mansions." Crucifixion was spelled "crusifition" on this paper. A great work of Wordsworth was spelled "Adonais," on another of the would-be pedagogue's manuscripts. An aspiring candidate imparted the astounding knowledge that "man is able to create his own climate," while another's American history had been neglected to such an extent that he declared that the great questions of the war of 1812 were the questions of free trade and citizenship in the United States.

RAISED ROME CITY RATES

Ten Dollars Added to the Price of the 100-Ride Books.

WABASH OFFICIAL PRAISES FORT WAYNE

W. C. Maxwell Says City is Rapidly Developing Her Industries.

Rome City cottagers will be required to pay about 40 per cent more for transportation over the Grand Rapids and Indian in 1913 than they paid in former years. Notice was received at the local ticket office this morning that 100-mile ride books would be placed on the market April 1 at an advance of $10 over the price in effect last year. The notice made no reference to special rates on Sunday and it is presumed there will be none this year. This information will be most unwelcome news to a vast portion of the population of Fort Wayne, who in years past made much use of the 100-mile ride system of transportation, whether they were cottage owners or mere occasional sojourners at the resort.

BOOKS ON PANAMA CANAL.

Public Library Gets Some Books on Timely Subjects.

During the past few months the business and municipal department of the public library has done quite a little research work on questions submitted by debaters. One of the most interesting questions recently presented related to the payment of Panama canal tolls by United States vessels engaged in coastwise trade. Excellent material for a debate on this question was found in the government publications, especially the Congressional Record. Both sides of the question had advocates during the last session of congress. The Congressional Record not only gives speeches made by members of congress, but excerpts from newspapers and magazines, published all over the country, have been inserted in the record. These are both favorable and unfavorable to the payment of tolls by United States vessels. The library also has the government report submitted by Emory R. Johnson on "Panama Canal Traffic and Tolls." In this report are numerous maps of the canal zone and charts of the coaling stations and trade routes of the world, showing distances by existing lines and by the Panama canal.

Some of the other questions submitted by debaters related to the direct election of senators, the Payne-Aldrich tariff bill, the relation of women to the high cost of living, local option, and other public questions.

The use of such important questions of the day by debating societies and clubs is to be highly commended. The study done by some of those engaged in the debates has been exceedingly thorough. At the public library they come in touch with the leading thought of the day on their subjects. They read there the best arguments on bot sides of the question by men who have given the subject careful consideration and who have the best arguments on both sides of the subject. Such intelligent consideraton of public questions can result only in public good.

FORT WAYNE GROWING.

High Freight Officials Predict Great Things for City.

"Fort Wayne is expanding in an industrial way and is rapidly coming to the front as a freight business producer," said W. C. Maxwell, general traffic manager of the Wabash, as he alighted from a train this morning and walked east to take a look at the site of the proposed produce cold storage plant of Sherman White & Co., just east of the Wabash passenger station. "I know those people and I am glad they are establishing a plant in this city, for it means much business for our road," continued Mr. Maxwell. "I have noticed an increase in outgoing and incoming freight business at Fort Wayne, which represents nearly every industry and I take it to mean a condition of general prosperity in the city. It is certainly a compliment to the energy and business qualities of your merchants and manufacturers," said Mr. Maxwell. He was en route to Detroit, where he will attend the annual two days' meeting of Wabash freight hustlers. With Mr. Maxwell on train 28 were General Freight Agent C. H. Stinson, Assistant General Freight Agents H. E. Watts and R. W. Owens, all of St. Louis; Division Freight Agent G. C. Knickerbocker, of Danville; General Agent R. W. Brown, of Dallas, Texas; General Agent J. D. Lund, of Denver; Division Freight Agent Earle Lind, of Moberly; Division Freight Agent Sidney King, of Dallas, Texas; General Agent B. H. Coyle, of St. Louis, and General Agent R. V. Miller, of St. Joseph, Mo. Mr. Miller was formerly traveling freight agent of this territory, with headquarters at Toledo, and is well known to the business men and manufacturers of Fort Wayne. He was met at the depot by his brother, Ira H. Miller, Pennsylvania conductor, residing at 506 East Leith street. Local Commercial Agent A. L. Gilbert will go to Detroit this evening.

WILL REORGANIZE FORCE.

Chief Clerk Kucher Getting Ready For Change.

Following the resignation of James S. Erwin as roadway and bridge material clerk in the maintenance of way office of the Pennsylvania mentioned by the Sentinel yesterday, will come a change that will effect nearly the entire clerical force. Chief Clerk Herman Kucher will advance one of the other clerks to the position vacated by Mr. Erwin, starting a chain of vacancies that will have to be filled. He has called G. C. Snyder, clerk in the road supervisor's office in Upper Sandusky, Ohio, to the main office, but has not assigned him to any particular duty, nor will he until the first of April, when Mr. Erwin's resignation becomes effective.

HAD THUMB MANGLED.

Machinist E. Lobrecht got one of his hands caught in the machinery he was operating at the Pennsylvania shops yesterday afternoon and the thumb was nearly severed. He was taken to the company's surgeon and then to his home, 133 Esmond avenue.

W. L. WILT RETURNS HOME.

Was in New York With the Arbitration Committee.

W. L. Wilt, chief clerk of the motive power department of the Pennsylvania Northwest system, has returned from New York, where he was engaged at work connected with the arbitration of the firemen's wage question. Mr. Wilt would not venture a prediction as to the outcome of the conference but said that the question was being thoroughly investigated.

RETURNS FROM AUTO SHOWS.

George A. Townsend, jr., advertising manager for S. F. Bowser & Company, has returned home after attending the several big automobile shows of the country, which kept him busy the greater portion of the winter. Mr. Townsend had charge of the exhibits of S. F. Bowser & Company at these shows. He was at New York, Washington, Chicago and Boston.

HYACINTH TO ENTERTAIN.

Hyacinth lodge, No. 38, L. S. to B. L. F., will give a tea in Unity hall tomorrow afternoon from 4 to 6 o'clock. All members have the privilege of inviting a friend each. The B. of L. F. and E. is invited. There will be dancing in the evening. Mrs. N. A. Peltier, president, has called a meeting to act on applications.

TAKES CHARGE OF BAKERY WAGON

Elmer E. Hess has assumed the office of driver on one of the Geller delivery wagons. The young man was employed as a messenger in the Pennsylvania shops several months.

LOST MONTH'S EARNING.

Machinist Fred Geerken Has Some Hard Luck.

On his way from the Pennsylvania shops, where he is employed as a machinist, Fred Geerken dropped an envelope containing his earnings during the month of February. There were between $54 and $55 in the roll and the loss is all the more a misfortune because Mr. Geerken has been ill more or less for the past year and his earning capacity greatly reduced. The loss has been followed by a nervous attack which prevents work.

AT THE THROTTLE AGAIN.

Engineer F. E. Nikolai, who has been sick for three months, resumed charge of the throttle of the G. R. & I. Wolcottville local freight train this morning, having recovered. Mr. Nikolai runs the local in the winter and a passenger train during the summer months.

RIB BROKEN WHEN HE FELL.

Fred Lehmann, of 2120 Gay street, foreman of the cleaning department at the Bass foundry, will be confined to his home for awhile as the result of a fall in which he struck his side upon a casting. One of his ribs was broken and he was otherwise injured.

AT HIS BENCH AGAIN.

Clayton Ellenwood resumed his duties at the bench in the pattern department of the Bass Foundry and Machine works this morning, after an absence of four weeks, during which he was operated upon for appendicitis at the Lutheran hospital. Last season Mr. Ellenwood was manager and pitcher for the Bass shop league team. He said this morning that, on the advice of his physician, he would not play ball the coming season.

REIHLING RETURNS FROM FLORIDA

Machinist E. C. Reihling, of the Pennsylvania erecting shop, and his family, have returned from a three weeks' sojourn in Florida. Mr. Reihling has some property interests at St. Cloud, Fla. He says there has been a great rush of home seekers and speculators to Florida and a consequent rapid increase in the population in all sections of that state.

ENTERTAINING TWO COUSINS.

Guests of Crawford Griswold, the retired Pennsylvania bridge and building foreman, are Hon. Thomas Sterling, of Vermilion, S. D., and William Timbers, a prominent resident of Sterling, Kas., who are cousins to Mr. Griswold. Senator Sterling stopped off here to spend a day with his relatives while en route from Washington to his home. Mr. Timbers resided in Van Wert thirty years ago and for awhile was employed in the maintenance of way department of the Pennsylvania. "I worked just one week in Fort Wayne thirty years ago," he said this morning.

SEED AND SOIL TRAIN.

The special seed and soil educational train sent out each spring from Purdue university will not touch at this point this spring, so far as known. It will be handled three days by the Wabash, however, commencing at Lafayette March 27 and ending at Hammond March 29. The itinerary includes only twenty five minute stops at the small stations in agricultural districts.

AN AFTERNOON SOCIAL.

Mrs. McGuire, of No. 2309 Lillie street, will entertain the social aid society of Loyal lodge, No. 85, Ladies' Auxiliary to the Brotherhood of Railroad Trainmen, at her home Thursday afternoon.

INDUSTRIAL NOTES.

D. A. Corey left this morning for Detroit, Mich., on business for S. F. Bowser & Company.

Editor C. H. Davies, of the Bowser Boomer, has returned from a business trip to Chicago.

Oscar Westfall resigned as helper in the Pennsylvania machine shop this morning. He will return to his former home in Bluffton.

Chief Electrician J. Irvin Toy, of the Bass works, has as his guest Dr. C. J. Greece, of Goshen, Ind. Dr. Greece brought a patient to the Lutheran hospital and will remain here two or three days to assist Dr. Duemling in attending her.

After an illness of two weeks, Pennsylvania Engineer R. H. Craig reported for work this morning.

Fred Speckman resumed his duties in the Bass foundry office this morning. He was sick a few days.

Pennsylvania Fireman J. R. Robinson is disabled by a lame back, the result of an accident yesterday.

Roscoe Heaton has returned from a visit in Louisville, Ky., and resumed his duties at the Bowser offices.

The Grand Rapids and Indiana pay car will be in Fort Wayne between 9 and 10 o'clock tomorrow morning.

Pennsylvania Shopman A. Roebuck was struck by a falling block yesterday and received a severe scalp wound.

C. Bruns and F. A. Beyran, who had been sick, reported for duty at the Pennsylvania blacksmith shop this morning.

G. A. Gardner, a Grand Rapids and Indiana fireman who had an ankle sprained last week, reported for work today.

Joseph Noeth, a Pennsylvania machinist, had a hand caught and injured yesterday in the machinery he was operating. He will be disabled some time.

A. O. Hafelfinger, who worked during the winter months as a blacksmith's helper in the Pennsylvania shops, resigned this morning and will leave the city.

President Bowser, of S. F. Bowser & Company, went to Battle Creek, Mich., yesterday to spend a week or two in quiet rest at the sanitarium. Mr. Bowser is not ill.

Peru Journal: "It is said the plans and specifications for the new proposed Wabash railroad station at Fort Wayne are in the hands of several local contractors who may bid on same."

The increase of the load put upon engines on account of the warmer weather has made it necessary for the Wabash to curtail the crew list and as a result a number of extra firemen are being dropped.

O. A. Wyatt, E. Chase, E. L. Bender and L. M. Offerle, of the Pennsylvania boiler shop, are off duty on account of sickness. D. Z. Royer resigned a position at that shop this morning.

The employes in the tank department of S. F. Bowser & Company's plant are working overtime, the schedule for awhile being placed at seventy-one hours per week. The company has in contemplation the enlargement of the tank department.

Yesterday a runaway lad who was arrested in the east yards by Pennsylvania Patrolman Strausser was sent to his parents in Michigan. The mother of the boy in a letter to Captain Stoll expressed thanks for the interest taken in her wayward offspring and said that he left home three weeks ago.

DR. STEPHENSON RESIGNS.

Long Professor of History, He is to Leave Depauw.

Greencastle, Ind., March 19.—Dr. Andrew Stephenson, for 21 years professor of history at Depauw university, resigned his position yesterday to take effect immediately. It was announced that Dr. Stephenson was suffering from a nervous attack and that after a long rest he intended going on the lecture platform. Dr. Stephenson is a graduate of De Pauw of the class of 1880.

NEW CAR TO RUN TO ROBISON PARK

First Pay-as-You-Enter Out of Barns to Be Tested Late Today

BY COMPANY'S HEADS

The first of the new pay-as-you-enter cars to be operated in this city by the Fort Wayne & Northern Indiana Traction company has been assembled in the local barns, and will be tried out late this afternoon over the Robison park line. Workmen are rapidly assembling the other cars, which will be placed in regular service within a very short time.

Officials of the company, including Vice-President and Treasurer H. C. Paul and Attorney James M. Barrett, will accompany the car on its initial run over the Fort Wayne street car lines. It is likely that all of the cars will be operated over the Robison park line in testing, and for the purpose of wearing the newness from the bearings.

Sam W. Greenland, assistant general manager of the traction company, is in Chicago and will return Thursday morning. C. E. Palmer, superintendent of transportation, is at Logansport for a few days looking after the company's affairs at that place.

SEALERS BEING APPOINTED.

Huntington and Vigo Counties Have Officers Under New Law.

Indianapolis, March 19.—Several sealers have been appointed under the new weights and measures law passed by the recent general assembly, according to reports being made by H. E. Barnard, state commissioner of weights and measures. The law, which became effective as soon as it was signed by the governor because of an emergency clause, requires the appointment of sealers in all counties of more than 50,000 population, and provides sealers in other counties as they see fit. D. S. Austin of Huntington, and Maurice Walsh of Vigo county, are among the sealers whose appointments have been reported to Mr. Barnard. Before being eligible to appointment by county commissioners, applicants must first undergo an examination conducted by the state commissioner.

"We want qualification rather than politics to be considered in making these appointments," said Mr. Barnard.

SOCIAL WAS A SUCCESS.

The box social and entertainment held Tuesday night at the Star theater hall by the Fort Wayne socialists was a success in every particular. A large crowd was present and the boxes of food prepared by the ladies, and brought by the men, brought high prices, netting the organization a large addition to its treasury. William Miller presided as auctioneer.

BARS LIQUOR FROM KANSAS.

New Webb Law Will Put Missouri Concerns Out of Business.

Atchison, Kan., March 19.—Eight wholesale liquor companies of Winthrop, Mo., across the Missouri river from here, were notified by deputies of the railroad and express companies today that they would accept no more shipments of liquor consigned to Kansas points. This action was taken as a result of the enforcement of the Webb liquor law in Kansas. This practically will put the Winthrop companies out of business, as they had been selling most of their output in Kansas.

BAN ON LURID POSTERS.

Boston Picture Houses Must Not Use Them at Theater Entrances.

Boston, March 19.—Posters depicting robberies, murder, suicide and other scenes of crime or violence must be removed from the entrance to motion picture houses in this city, by an edict just issued by Mayor Fitzgerald. The mayor declares that the minds of the passers-by, particularly children, are unduly excited by the pictures.

A Human Match Factory

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nerve trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by

THE DAY ON WALL STREET.

New York, March 19.—Prices of stocks were little changed at the opening today. The only fluctuations of more than a small fraction were among a few industrials. Mexican petroleum rose 1½ and Sears-Roebuck declined 2 points.
Representative stocks fluctuated irregularly in the early hours, but ultimately grew stronger despite the repressive effect of liquidation of certain specialties, and at noon the market showed a good sprinkling of gains.
Bonds were steady.
The market closed firm. Shorts covered heavily during the latter part of the session when some of the alarmist reports were denied. Rallies followed of one to three points in the standard stocks, and liquidation in the specialties was checked. Union Pacific sold a point above yesterday's final figure, and Reading, Steel and Southern Pacific a fraction.

SOCIALIST NOMINEE WINS.

Duluth, Minn., March 19.—Final returns from the Two Harbors, Minn., municipal election yesterday show that the socialists won. William Towl, socialist, for mayor, defeated E. P. Christenson, independent, 450 to 372.

NEW KING IS GRIEF-SHAKEN

(Continued from Page 1.)

the shots, lifted the king from the ground and carried him to a hospital. He expired on the way without recovering consciousness. When questioned by the police Schinas truculently replied:
"You have courts. I will speak there."

Assassin Fears Crowd.

Pressed to say who he was and what was the motive of his crime, he replied: "Take me to the police station so that the crowd shall not maltreat me. I will speak there."
On reaching the police station he gave his name and a few particulars about himself.
Schinas is a Greek of low mental type and he dashed out suddenly and fired one shot from a seven-chamber revolver at the king, which took effect. Schinas was seized immediately and overpowered.

Announces Constantine King.

Prince Nicholas, the king's third son, and other officers hurried to the hospital.
Arriving first, Prince Nicholas summoned the officers, and, in a voice choked with sobs, said:
"It is my deep grief to have to announce to you the death of our beloved king and invite you to swear fidelity to your new sovereign, King Constantine."
Crown Prince Constantine, who succeeds King George, was at Janina. He is expected to come to Saloniki with all possible speed.
The assassin of the king is evil looking, about 40 years of age. On being arrested he refused to explain his motive for the crime. In reply to an officer, who asked whether he had no pity for his country, he announced that he was against governments.
Schinas maintained an impassive demeanor, which was suggestive of his being irresponsible for his actions.

Body Born to Palace.

The body of the late King George of Greece was embalmed today and removed from the hospital to the palace on a stretcher born by his son Prince Nicholas and several superior officers of the Greek army. The stretcher was followed by a strangely diversified procession consisting of regular troops in their campaign outfit, officers in brilliant uniforms, clergy, civilians, Cretans, Greeks, Mussulmans and hosts of the various Balkan races in a kaleidoscopic variety of costumes.
Soldiers of the Greek light infantry in their quaint kilts surrounded the humble military stretcher as a guard of honor. The procession on its way to the palace passed the spot where King George was shot down yesterday. On arriving at the palace military honors were rendered.
The body was placed on a bier in the main chamber and the Greek metropolitan offered prayer. As the civil and military authorities filed past many of them burst into tears. A guard of honor consisting of Greek captains and priests, the latter continually chanting prayers, will be stationed around the body until it is removed for burial.

OFFICIAL STATEMENT OUT.

Council of Ministers Announces Slaying of King George.

Athens, aMrch 19. The council of ministers issued its official statement early today upon the assassination of King George yesterday. It reads:
"Overwhelmed with grief, the council of ministers announces to the people the death of His Beloved Majesty King George I at the hands of criminals. A madman assassinated the king at Saloniki, throwing the whole nation into deep mourning in these days of rejoicing at the accomplishment of our national desires. The outrage was committed at 5 o'clock yesterday afternoon while his majesty was out walking. The weapon used was a revolver. The council hastens to communicate the sad news at once to his Majesty King Constantine."

Queen Olga Prostrated.

Queen Olga of Greece was too prostrated by the news of the fate of her husband to sail for Saloniki last night, but she left today.
When her sons, Prince George and Prince Andre, communicated the news of the tragedy to her, she fell fainting in their arms and only recovered to swoon again. This happened several times and physicians were called in to quiet her. All the princes and princesses of the royal family accompany their mother to Saloniki.
State mourning has been ordered for a period of six months and court mourning for a year.
The whole Greek capital is draped with mourning. On public and other buildings the national flag flies at half-mast and is draped with crepe. The bells of all the churches in the city were tolled all day and minute guns were fired from the forts. The population is overwhelmed. All the newspapers are printed with black borders and contain long eulogies of the dead monarch. The chamber of deputies met today and Premier Venizelos formally announced the death of King George and the succession of King Constantine.

WILSON CABLES CONDOLENCE.

President Voices Sympathy With Widowed Queen and People.

Washington, March 19.—President Wilson's first act today was to send a message of condolence to the widowed queen of the late King George of Greece. It read as follows:
"Her Majesty, Olga, Queen of the Hellenes, Athens:
"I am inexpressibly shocked to hear of the terrible crime that has resulted in the death of the king and I offer to your majesty, to the royal family and to the Grecian nation the sincere condolences of the government and people of the United States and the expression of my own deep sympathy.
"WOODROW WILSON,
"President of the U. S. of America."

SCHINAS KNOWN IN NEW YORK.

New York, March 19.—Alceo Schinas, the assassin of King George of Greece, was a man of education and a confirmed anarchist, according to information obtained by Demetrion N. Botassi, Greek consul in this city. The man nursed a grudge against the king. Mr. Botassi was told today by Greeks in this city who knew Shinas well, because the government had closed a school of anarchism which Schinas had established at Volo, the chief city of Thesaylx.

GRAND JURORS TAKE UP CASE

(Continued from Page One.)

It was promised, says rumor, that if this was paid the girl would "forget" him in telling her story. Mr. Malay is manager of the National Loan company with offices on the fourth floor of the Shoaff building. He consulted a firm of attorneys in the building and was by them referred to the prosecutor's office.

Malay Is Not Involved.

"I think in justice to Mr. Malay," said Prosecutor Hilgemann today, "that it would be well to print a statement coming from me and published with authority from my office that Mr. Malay has not been involved in the case in any way and that Hazel Thomas has been examined by the grand jury."
Mr. Malay late Tuesday afternoon placed the facts in the case before Mr. Hilgemann and was told to go ahead with the matter to see how far Moorehead and the woman would go.
It is stated that he took $25 in marked bills to the attorney's office and offered them but was told that the demand had been increased and that $200 would be necessary to get the protection that was being offered. He did not pay over the money at this time.

Call Over the Telephone.

Mr. Malay was called over the telephone at his home on College street last night and asked to come to Moorehead's office and informed that Mrs. Spahr would be there and the matter might be closed up.
He placed five five-dollar bills in an envelope after he had taken the serial numbers and a description of each and went to the office and in the presence of the woman is said to have paid over the money.
Detective Sergeant Walter Immel had been called into the case in the meantime and after he had secured witnesses to the transaction he took Moorehead and Mrs. Spahr to police headquarters where they were under fire until 3 o'clock this morning when affidavits were filed charging blackmail. The penalty is fixed by the statutes at from one to five years in state prison.

Accused Attorney Denies It.

"I have no detailed statement to make," said Moorehead today. "I am innocent and will be able to prove it at the right time. If I wanted to solicit a bribe I could just as easily have gotten $5,000 as $25 and that's about all I have to say."
He retained Harper and Fuelber to defend him and James B. Harper, of this firm, said his investigations led him to believe that no offense has been committed.
Moorehead is young in the practice of the law in Fort Wayne. He was admitted to the bar about un year ago and prior to that time was a traveling salesman. He is single and came from Canada when he located here.

QUICK TARIFF CUT PLANNED

(Continued from Page 1.)

here strictly to his rule about making any speeches or accepting any invitations for the next six months. He today declined to attend the Maine Memorial services in New York on Decoration day, as well as an invitation to attend the meeting of the national drainage congress at St. Louis, Mo., April 10, 11 and 12 next.
Edmund T. Perkins, of Chicago, chairman of the national executive committee of the organization, was told by the president that while he could not go himself he would urge some members of his cabinet to do so.

New House Membership.

The membership of 435 in the house, when it convenes April 7, will comprise 290 democrats, of whom 103 will be new members, and 145 republicans, of whom 55 will take their seats for the first time. These figures, officially compiled and distributed today, include two democrats expected to be elected from the tenth district of Texas and the first district of South Carolina, to succeed Postmaster General Burleson and late Representative Legare, of Charleston, and a probable republican successor to Senator Weeks, of Massachusetts, in the thirteenth district of Massachusetts.
The list shows 279 of the representatives served in the congress just ended and that six of the new representatives come back to Washington after two years or more absence from congressional duty. These six comprise Representatives Irish, of Georgia, meantime parliamentarian to the speaker; Stafford, of Wisconsin, who replaces Victor Berger, the only socialist member of the last congress; McAndrews and Williams, of Illinois, and T. D. Sullivan and J. A. Goulden, of New York.
The North Carolina, Tennessee, Vermont, Wyoming, Alaska and Hawaiian representatives in the last congress remain intact. There are solidly democratic delegations in the house from Alabama, Arizona, Arkansas, Colorado, Delaware, Florida, Georgia, Indiana, Louisiana, Maryland, Mississippi, Montana, New Hampshire, New Mexico, the Carolinas and Texas, and solidly republican delegations from Idaho, Nevada, the Dakotas, Oregon, Utah, Vermont, Washington and Wyoming.

Attracts Widespread Comment.

President Wilson's statement of the administration's attitude toward American bankers, partisipation in the Chinese loan and foreign loans generally has attracted widespread comment and discussion in official and diplomatic quarters.
Following closely upon the statement come intimations that the negotiations may proceed as a five-power affair without the American group. The pressing feature for China right now, diplomatists point out, is found in the fact that China is more than one year behind in payment of Boxer indemnities to the extent of $20,000,000. With an army clamoring for back pay, many provincial loans coming due and need for money to continue the operation of the provisional government, President Yuan Shi Kai is placed in the position of attempting to secure an extension of time from creditors who have failed to make a loan, or succeed in borrowing money from independent bankers as was done in the so-called crisp transaction a few months ago.

TO CORROBORATE DIRECT STORIES

Grand Jurors Start on Witnesses Not Involved in Scandal.

OTHER COURT MATTER

Beginning with the session of this afternoon the members of the grand jury heard witnesses to corroborate the stories told by the girls involved in the investigation started Tuesday morning and for the first time listened to evidence given by persons who are not held on bond or in the county jail.

There will be no report until all of the evidence is in, according to Prosecutor Harry Hilgemann, and when the jury reports the report will be final. It had been rumored that some indictments were expected in the next day or two.

At least a week or ten days will be necessary to finish up all the business in sight as there are some other matters to be taken up before the adjournment.

Teach Them Wine Rooms.

In his testimony against his wife, Cora E. Miller, Frank Miller said in a divorce hearing in the superior court today that she threatened to teach his daughters by a former marriage the way to reach all the wine rooms in the city. He also said she had been habitually drunk for four years.

Put Her Off at Ahoite.

Nora Utley in a damage complaint against the Fort Wayne and Northern Indiana Traction company, alleges that on the evening of Dec. 31, 1912, she bought a ticket to Homestead, boarded a car and that the crew refused to stop at her destination, but took her to Ahoite. She had to stand, she says, exposed to the cold for an hour waiting for another car and was made ill by the exposure. She asks $2,000. McAdams & Hartzell filed the suit.

Change of Venue Taken.

In the circuit court today a change of venue to Wells county was granted in the damage suit filed by Mary Phillips, executrix of the estate of Patrick Phillips, against the receivers of the Wabash Railroad company. The company applied for the change. The executrix makes a demand for $10,000 damages.

Says She Was Abandoned.

Hettie C. Scobey says in her divorce suit against William Scobey that they were married in 1905 and that in April, 1910, he abandoned her. Emrick & Emrick filed the suit.

Rosenbergers to be Released.

It is expected that within the next two weeks bonds will be furnished for the release of Ben and Dave Rosenberg, charged with arson and held in the Allen county jail.

Abe Franklin, who secured his release yesterday, is working in behalf of the men accused jointly with him and says they have an uncle who will probably secure their release on his return from a trip to Florida.

Notes of the Courts.

A request to have the suit of Fred Rempis against the Fort Wayne Electric works transferred to the United States court has been filed.

Goldie Benner has been granted a divorce from William Benner.

ARRESTED ABOARD SHIP.

New York Hair Dealers Accused of Vast Fraud in Custody.

New Orleans, La., March 19. Charged with defrauding banks in this country and Europe of approximately a million dollars through alleged manipulation of invoices, Antonio Musica and his three sons, George, Arthur and Philip Musica, New York hair dealers, were arrested in their apartments on the steamer Heredia today. Two daughters of the elder Musica, Louise and Grace, also were detained. The party was taken into custody just before the departure of the Heredia for Colon, Panama. When searched at police headquarters a large amount of money and much negotiable paper was found in the possession of the prisoners. Fifty thousand dollars was taken from Arthur Musica and about $10,000 more from other members of the party. The Musicas carried with them nine pieces of baggage which the police hauled to headquarters. It is believed that much more money and valuable papers will be recovered when their trunks are opened. The party will be taken back to New York at once.

Hundreds of new patterns in Easter suits at the Patterson-Fletcher store.

John F. Schwieters, a senior at Yale university, is spending his Easter vacation with his parents, who reside on East Wayne street.

William Storey is home from Danville, Ill., to spend Easter with his parents, Mr. and Mrs. T. J. Storey, of West DeWald street.

LOCAL SIGMA CHI TO ATTEND FEAST

Big Fraternity Banquet to Be Held at German House, Indianapolis.

TWENTY-NINE HERE

Fort Wayne Sigma Chis have received invitations to attend the annual Indiana state banquet of the Sigma Chi fraternity to be held in Indianapolis on March 29, at the German house.

There are in Fort Wayne twenty-nine Sigs, this being the largest number in any Indiana city except Bloomington, which has thirty, and Indianapolis, which has about two hundred. Bloomington leads Fort Wayne with thirty, and Anderson ties the Allen county city with twenty-nine. However, the Bloomington members are due largely to the fact that the oldest chapter in the state is located at that point.

Among the Sigma Chis living in Fort Wayne are: Charles E. Pask, Fred W. Eggeman, former captain of the Purdue foot ball team; Fred A. Barber, Dr. Wm. B. Blackstone, Harvey E. Crane, Dr. L. P. Dreyer, Robert M. Evans, Henry C. Hanna, James B. Harper, Eugene H. Hattersley, Marshall Worden and Geo. L. Yuple, jr.

The younger alumni of Fort Wayne have been invited to attend a dance to be given on the night before the banquet by the Indianapolis alumni chapter of Sigma Chi in honor of the active chapters in the state, which are located at the following universities and colleges: Purdue, Indiana, Butler, Hanover, Wabash and DePauw.

The invitations describe the gathering as a "toastless banquet" and one which will be entirely different from any that have gone before. The whole flock of banqueters will be initiated into the "Hottentot chapter" of Sigma Chi, with appropriate rites and beating of tomtoms.

DICK MUST LIKE THE COUNTY JAIL

Brennan Just Finished 140 Days But Goes Back With a Thud.

THE CITY COURT CASES

Dick Brennan, who vies with the most accomplished in inebriety, was released from the county jail yesterday after serving 140 days there for drunkenness. Undaunted, Dick immediately proceeded to quench his 140-day thirst and succeeded so well that he was picked up last night under the Calhoun street track elevation in a state of beastly intoxication. Judge Mungovan fined Dick $5 and costs this morning, and told him that his fine will be increased each time he is brought in until the limit is reached. Dick, as usual, made an elaborate plea for his liberty, but he gives his promises so freely that they carry no weight.

Still Celebrating.

James Burns, Pat Hart and Jack Karns were dismissed yesterday morning, but they continued in their celebration of St. Patrick's day and the judge sent them to jail for eleven days each. Fred Jeffries drew $5 and costs for public intoxication because he mixed a lot of profanity with his spree. James Brooks, Tom Rogers and Bob Hannan each were assessed $1 and costs for drunkenness and went to jail in default of payment.

Beat His Boss.

Bert Johnson took offense at being discharged yesterday by his foreman, Julius Kiefer, and took a tremendous swat at his superior's eye. He maintained that he was justified in striking his boss, who, he said, nagged at him, but Judge Mungovan couldn't see it that way and fined Johnson $10 and costs, which he was unable to pay.

Charles Tilbury, charged with neglecting his children, drew a continuance until tomorrow morning and is held under $500 bail.

Amiel Aulteman, up for using city water without a permit, was continued until March 28.

POSITIVELY the last ONION DAY

Saturday, March 22

Owing to the great demand for Onions, we have decided to give our friends the benefit of another Onion Day. One bushel of onions will be given free with every purchase of a hundred pounds Bash's Standard Scratch Feed, or a hundred pounds of Bash's Laying Mash. Don't forget the date Saturday, the 22nd, as this is your last opportunity.

DURN GLAD" TO GET AWAY.

Klondike Witness in Fraud Case Rejoices at Quitting Chicago.

Chicago, March 19.—James Tak, one of the government's witnesses in the case charging A. C. Frost and four others with Alaska coal land frauds, said he was "durn glad to get out of this burg" today when Judge Landis excused him. Tak, a Klondike miner, expressed his desire to get back to California with such profound sincerity that a titter went around the court room. Charles S. Hubbell, a former government employe, who surveyed the lands involved in the case, testified the lands showed no trace of minerals other than coal.
